WILSON WELCOMED TO SAN FRANCISCO

Spectators Shout, Yell, Clap Hands
and Blow Horns, Making Car-
nival of Parade

IN HOME STATE OF JOHNSON

President Says in Statement Irish
Independence Was Not Subject
For Peace Conference

(By United Press.)

San Francisco, Sept. 17.—From the time President Wilson landed here today until he entered his hotel, there was not a break in the crescendo of cheering that welcomed him to the home state of Senator Hiram Johnson, a peace treaty opponent.

Market street was a mass with spectators who shouted, yelled, clapped hands, blew horns, threw flowers and made a carnival of the president's parade.

Wilson stood up in his automobile all the time, waving his hat. His smile never faded. He looked as if he enjoyed it.

A delegation including Mayor Rolph, Governor Stephenson and General Liggett and other noted men met the president at Oakland.

Aboard the President's Train, Sept. 17.—Answering questions of the San Francisco labor conference with regard to Ireland's status under the peace settlement, President Wilson today pointed out that the league of nations sets up a forum, "to which all people can bring any matter that is liable to affect the peace and freedom of the world."

"Under the covenant," the president said, "this country does not obligate itself to assist any member of the league in putting down a rebellion."

"The United States is no way limited as to recognition of any government which seeks to achieve independence. It was not possible for the peace conference to act with regard to self determination of any territory except those dominated by the Central powers, but the league covenant sets up for the first time in Article 11, a forum before which can be presented all claims for self determination such as are likely to affect the peace of the world."

"Ireland's case was not heard

SAYS MIDDLEWEST IS AGAINST TREATY

Senator Borah, On Return to Wash-
ington, Declares Country is
Aflame With Opposition

BACK AT REQUEST OF LODGE

(By United Press.)

Washington, Sept. 17.—The middlewest is aflame with opposition to the league of nations covenant in its present form, Senator Borah of Idaho, declared today on his return to Washington from a speaking trip.

"The demonstrations of Americanism which the middlewest is giving," said Borah, is filling advocates of the unqualified ratification of the treaty with fear and forboding. That is why an attempt is being made to rush the treaty through the senate. They are afraid of the tide that is sweeping the country."

Borah returned to Washington at the urgent call of Senator Lodge, because treaty advocates are seeking to force the opponents to act on the treaty amendments without further debate.

Borah said Senator Johnson, who is also on a stump tour, will be allowed to continue for the remainder of the present week at least.

STRIKE IS NOT POSTPONED

Steel Workers' Chairman Says It
Will Start as Announced

(By United Press.)

Pittsburg, Pa., Sept. 17.—Delegates attending the conference of the steel workers in this district adjourned their meeting at 2 p. m. The conference will be resumed at four o'clock. Chairman John Fitzpatrick stated no announcement would be forthcoming until probably late tomorrow.

"Postponement of the strike of steel workers is a dream," declared Fitzpatrick. "The strike is going ahead as per schedule."

SAYS PACKERS STORY WILL AMAZE AMERICA

Attorney General Makes Statement
at Conference in Albany Re-
garding Their Prosecution

SECOND ATTEMPT AT TRIAL

(By United Press.)

Albany, N. Y., Sept. 17.—At a conference on the prosecution of Chicago packers under the criminal clause of the anti-trust law, Attorney General Palmer declared today in a speech that "the story of the Chicago packers will amaze America." The most of the American people impaired a verdict of conviction against the big five Chicago packers he declared. He said that the evidence presented to the grand jury will result in their indictment.

Chicago, Sept. 17.—The government today began its second effort to bring the five Chicago packers to trial for alleged violation of the anti-trust laws.

Isadore Kresel, special assistant attorney general, went before the federal grand jury to show the packers have defied the government law by having a monopoly control of food supplies.

FIXES HURRICANE DEATH LIST AT 250

Mayor Sparks of Sinton Includes
Toll at Corpus Christi, Nueces
Bay and Port Aransas

RELIEF REACHES SINTON

(By United Press.)

Sinton, Texas, Sept. 17.—More than 250 persons are dead from Sunday's gulf storm and tidal wave, Mayor Sparks of Sinton estimated today.

The mayor's figures include the dead at Corpus Christi, the northern shore of Nueces Bay and Port Aransas and vicinity. Ten bodies were held at Sinton today. Four have been identified. One soldier was among the dead.

A relief train from Houston reached Sinton at 9 o'clock this morning. It will proceed to Corpus Christi after part of the workers detain here, to go to the northern shores of Nueces Bay. The train carried about 100 soldiers.

The soldiers are assisting the relief workers in Sinton and Corpus Christi.

Little vandalism or looting have been reported to Mayor Sparks.

Damage 10 to 15 Millions

Corpus Christi, Sept. 17.—The death list from Sunday's hurricane and tidal wave stood at 197 today, according to reports early today.

Property damage is estimated at from 10 to 15 million dollars in five devastated counties.

Bodies of 27 additional dead are reported held at ranch houses in the vicinity, but this report has not been confirmed.

COUNCIL IN STAR CHAMBER SESSION

Hears Privately Report of Commit-
tee Appointed to Investigate
Building Project

NO DEFINITE CONCLUSION

Council Meets Sept. 25 to Receive
Bids on More Equipment For
City Light Plant

The city council met last night in regular session, and nothing of much importance was before them, and before adjourning the Mayor requested all of the outsiders to leave the council chamber, as they wished to discuss privately about the building which is to be erected to house the new machinery at the water, light and power plant.

In the private session, it was learned today, that the council heard the report of the committee which had been appointed to investigate the building of the annex to the water and light plant. No definite conclusion was reached last night, and the time was taken up with trying to determine the cheapest way to build.

The same committee was asked to continue their investigation, and report whether or not it would be advisable to hire an architect, and whether to allow the bid by contract or advertise for bids. The council meets in a special session on Thursday, the 25th, and it is expected that at this time something definite will be done. On this date, the council will receive bids for the additional equipment, which is to be installed in the plant, to give the city double capacity of electric current.

The city clerk was instructed to order some more white paint so that the boundary lines for parking could be repainted and touched up before cold weather. The clerk was also instructed to advise the Lake Erie & Western railroad to remove a property post which they had erected in the street, near the old round house.

Councilman Wagoner brought up the subject of the delay in paving Third street, and remarked that the council should do something, or else the street would be left in an unfinished condition this winter. Mr. Wagoner said that he had just had a conversation with Roy Evans, foreman of the construction company, and he told the councilman that as soon as the present car load of cement was used up, he would ship his concrete mixer, and bid Rushville good-bye, leaving the work unfinished.

The council instructed the clerk to write George C. Miller, the contractor, who lives in Lebanon, Ind., to give a reason why the work was not being completed. The subject of cement was brought up, and the council seemed to think that it could be had, if the contractor would push his claim for it.

The claims and usual bills were allowed by the council, and a warrant for \$27.00 issued in April for the Standard Oil Company, which they had never received, was re-issued and payment stopped on the original warrant.

LYCEUM COURSE IN BALANCE

It was announced today by the Rushville Ministerial association that the proposed winter Lyceum course would fail if more people did not support it by pledging themselves to take season tickets. The representative of the Lyceum bureau is still here and the association urges that people respond to the appeal to subscribe.

—Arthur Grigsby of Richland left Monday for Berea, Kentucky, where he will enter Berea college.

NEW MEMBERS ARE SIGNING UP FAST

Farmers Meetings at Arlington and
Gings School Houses Tuesday
Night Well Attended

GATHERING FRIDAY NIGHT.

Rushville Township Session Will be
Held Closing Day of Campaign
For Members.

Enthusiastic meetings were held last night in the school houses at Arlington and Gings, according to reports, and many farmers signed for membership in the present drive being conducted to induce farmers to join with the Indiana State Federation of Farmers' Associations.

The meeting at Gings last night was well attended, there being 60 present. At this meeting the advantages of such an organization were told by Howard Ewbank, secretary of the county association, and Representative W. R. Jinnett of Manilla. Several memberships were received.

The Arlington meeting was regarded as very successful, and the attendance numbered ninety farmers, most of whom gave their membership to the organization. The meeting was addressed by County Agent M. F. Detrick and Elmer Hutchinson of Arlington.

The local organizers are highly elated with the success of the campaign and say that the farmers are quick to grasp the real value of having an organized body which will be associated with the state association. The meetings tonight will be held at Carthage, Moscow and the Osborn school. Tomorrow night's meetings will be held at Manilla and Raleigh.

The Rushville township meeting has been definitely set for Friday night at eight o'clock in the court house. All farmers in the township are urged to come, and hear the addresses. An effort was being made to secure L. M. Volger of Hope, who is district director, to be here and deliver an address. It is very probable that he will come, and others will be here, including W. R. Jinnett, Howard Ewbank and M. F. Detrick.

C. H. Patterson, a farmer from the northern part of the state, was here today, being sent out by the state body to help in the organization work. He will be on the program tonight at Carthage.

The Indiana farmer's fight for full prices on his wheat, which involves some \$2,000,000 in the state, is being drawn to a close with the finish of the \$200,000 guarantee fund campaign of the Indiana Federation of Farmers' Associations. Officials of the Federation today declared in a dispatch from Indianapolis, that both the fight and the fund campaign will be successful. Friday of this week is quota day, when the counties will undertake to subscribe their shares of the big fund. Leaders throughout the state report they are ready and waiting for quota day to "go over the top."

"It is a queer coincidence," said General Secretary Lewis Taylor today, "that the wind-up of the fund campaign finds us just closing a fight on the wheat proposition that means ten times as much to the farmers as the amount we are asking to guarantee our program with. Indiana farmers have lost an average of five cents a bushel on a crop of 40 million bushels of wheat, because the dealers have charged too much for a handling margin."

BULGARIAN TREATY READY

Paris, Sept. 17.—The supreme council of the peace conference today definitely approved the Bulgarian treaty which will be handed to the Bulgarian delegates at the French foreign office Friday morning.

\$5,000 IS REPORTED QUOTA

Unofficially Stated County Will be
Asked to Aid Jews

It is unofficially stated that Rush county will be asked to give \$5,000 to the American Jewish relief committee, which has set aside the week to Sept. 29 to Oct. 4 to raise \$35,000,000 in the United States to be used for the relief of Jews in Europe who are destitute. Although no quota has been officially announced, a representative of the organization who was here a few days ago, informed a local citizen that this was the amount which would be expected of Rush county.

FORMER LOCAL WOMAN IS DEAD AT DES MOINES

Body of Mrs. Charley Norris, Who
Expired Yesterday, Will Arrive
Here Tonight

LEFT RUSHVILLE 5 YEARS AGO

Relatives here received word today of the death of Mrs. Edith Norris, wife of Charley Norris of Des Moines, Ia., who died yesterday. Mr. and Mrs. Norris and family left here five years ago, going first to Peoria, Ill., and then to Des Moines. The word of her death came as a shock to the relatives here, as she was not known to be seriously ill, and the cause of her death is not known. Mrs. Norris was 59 years old.

The body will arrive here tonight at six o'clock, and will be taken to the home of her sister, Miss Jennie Creekmore, 307 East Eighth street. The funeral arrangements will be announced tomorrow.

Besides the husband, and sister she is also survived by four children, who are Robert of Anderson, and Donald, Ernest and Mrs. Ruby Fraser, all of Des Moines. The family will accompany the remains here.

BUSINESS MEN ARE AROUSED BY REPORT

Foreman of Third Street Improve-
ment Admits Today That Con-
crete Mixer Will be Shipped

JOB TO BE FINISHED THOUGH

The council and business men were aroused last night, when Councilman Wagoner reported to the council that he had just had a conversation with the foreman of the Third street paving gang, Roy Evans, and that he had remarked that as soon as the present car load of cement was used, he was shipping the concrete mixer, and leaving Rushville, and the work uncompleted.

Mr. Evans when seen this morning, refused to talk for publication, but did not deny making the statement. He said that the council need not worry about the job being completed, as somebody would finish it. He said that the present supply of cement will last until tomorrow afternoon, and that a car and a half more would finish the street.

It was understood this morning that Mr. Evans is interested in a company which has a contract for a twelve mile concrete road in Illinois and that the mixer, which is being used here, is his property, and he will ship it away, as soon as he uses up the present supply of cement.

He gave the impression this morning that the work could be completed by someone locally. George C. Miller of Lebanon, will be informed by the council, that the work is to be completed as soon as possible.

LOCAL OFFICIALS APPEAR TOMORROW

Taxing Officers From All Units Seek-
ing Increased Revenue to go Be-
fore State Board

PROPOSED LEVIES ON FILE

All in Hands of County Auditor and
Will be Certified to Tax Com-
missioners This Week

Tomorrow is the day set by the state board of tax commissioners to hear Rush county taxing officials who have petitioned for increased revenue for next year. Practically every township and corporation in the county is asking for more money due to the increased cost of everything.

The remainder of the tax levies fixed by the townships and corporations have been filed in the auditor's office and will be certified to the state board by Saturday, the time limit.

All of the proposed levies which had been filed up to last Saturday have been published, Ripley, Jackson and Orange townships and Glenwood corporation being the ones filed since that time.

Ripley's levy was fixed at 46 cents as compared to a rate of \$1.01 this year. The township tax was decreased from eight cents to three cents, the road tax from thirty cents to nine cents, the tuition tax from twenty to seventeen cents, the special school tax from forty to fifteen cents and the library tax from three to two cents. A poll tax of 25 cents was levied for the special school fund and one of 25 cents for the tuition fund. The taxables are valued at \$4,663,310 for next year and this year the value is \$1,596,365.

Glenwood's rate was put at forty cents for next year, on a valuation of \$291,770. This year the rate is 85 cents on a valuation of \$130,585. The corporation tax was cut from sixty to 27 cents and the electric light tax from 25 to 13 cents.

Jackson township's rate for next year was fixed at 44 cents on a valuation of \$3,504,325. This year's rate is \$1.01 on a valuation of \$1,152,190. The township tax was reduced from twelve to four and a half cents, the road tax from 22 to 13 cents, the special school tax from fifty to eighteen cents, the tuition tax from fifteen to eight cents and the township poor tax from two to one cent. A poll tax of fifty cents for special school purposes and 25 cents for the tuition fund were also levied.

Orange township's rate for next year was made 79 cents on a valuation of \$4,473,350, and this year's rate is \$1.59 on a valuation of \$1,622,705. The township fund was cut from nine to four cents, the road tax from 25 to thirteen cents, the special school tax from 75 to thirty cents the school bond tax from 18 to seven cents the tuition tax from thirty to eighteen cents, the township poor tax from one to a half cent the library tax from one to a half cent and a vocational tax of six cents was added. A poll tax of 25 cents for the special school fund and one of fifty cents for the tuition fund were also levied.

The Rushville school city rate has been changed from 74 cents, the amount originally fixed, to 69 cents, the school board having found that it would be possible to make the tuition tax thirty cents instead of 35. This would reduce the probable rate in Rushville city from \$2.16 to \$2.11.

The tax officials who will go before the state board tomorrow, will be required to explain in detail why more money is needed next year. After the evidence is reviewed by the state commissioners, a decision will be made.

This Farmer Knew

A few days ago a farmer came to our yard in search of wire fence. We priced him the kind that he inquired about.

"Ho, ho," says he, "I can buy this fence 25c a rod cheaper elsewhere."

We tried to convince him that such a buy would be utterly impossible—far below even the retailer's cost price.

"But no," says he, "I know."

A little later he brought us a sample of the fence he talked about.

These are the facts:

It was a 12 inch instead of a 6 inch mesh.

The wire ran fully 1/2 guage too low.

When we called his attention to these facts, he bought a large quantity of fence from us.

If you buy your fence from our yard, you will get full guage wire, and it will be what we say it is.

FARM ITEMS FROM MANY SECTIONS OF INDIANA

Farmers in Monroe county are sowing a much larger acreage of alfalfa this year than ever before and limestone companies are putting in operation a large number of new crushers, at the request of the farmers who are using the stone.

A checking up of reports from 25 fertilizer demonstrations on wheat in Stephen county by the agricultural agent, T. A. Parker, shows that fertilized grain usually ripened earlier, was taller, of better quality and without exception gave a profitable increase in yield.

The Johnson County Duroc and China Breeders' Association held its 6th annual sale recently with a consignment of 52 head of pure-bred porkers. The top price was \$1,005 and the average for the sale was \$140 per head. Most of the hogs were sold to farmers in the county who will increase their present herds or are just starting in the game.

The Clark County State Bank of Jeffersonville is doing a great deal of work to help farmers there obtain good seed wheat. The bank is financing a proposition to bring in seed wheat and a carload will be distributed during September to farmers who desire the seed.

DEMANDS \$15,000 DUE TO INJURIES

Nelson Smith Alleges Negligence on Part of Pennsylvania For Providing Faulty Tools

SAYS PICK HANDLE BROKE

L. E. & W., Which Maintains Switch Jointly With Pennsylvania, is Made Party to Suit

Alleging carelessness and negligence, Nelson Smith today filed suit in the circuit court against the Lake Erie railroad, the Pennsylvania railroad and Walker D. Hines, director general of the railroads, demanding \$15,000 damages, for an injury which he received in 1917. Mr. Smith in his complaint states that the two railroads, managed by Walker D. Hines, own, operate, manage and control a transfer switch at the intersection of the railroads in this city, and that on September 20, 1917, he was in the employ of the Pennsylvania as section foreman, or boss of a section gang.

He states that on this date he was working on the transfer switch, putting in new cross ties, and that in a careful and prudent manner he was pulling ties with a pick which was furnished by the Pennsylvania, when the handle broke, causing the pick to strike him on the lower side of his abdomen, and that a rupture resulted, which has caused him permanent intestinal injuries, and according to the complaint, all without fault or negligence on his part.

He alleges that the railroad companies who jointly owned the transfer switch, were negligent in permitting cross ties to become rotten and decayed, and he alleges the Pennsylvania was at fault in furnishing defective tools and a pick to work with.

Because of the injuries which Mr. Smith received on that date, he asks the court to award him judgment against the two railroads and the director general, in the sum of \$15,000.

PLUMS, CULTIVATED OR WILD, MAY BE DRIED

Many varieties of cultivated plums and various wild plums can be converted into very acceptable dried products. The best for this purpose are varieties of the Prunus domestica species. Gather the fruit when well ripened, but before it has become soft, wash, cut into halves, and dry the fruit in a single layer with the stone cavities up. This is to prevent the juice from escaping when the plums begin to heat in the drier. Start the drying at 130 degrees and gradually increase it as the fruit becomes wrinkled and leathery. If dried in the sun, protect carefully from insects by muslin or mosquito netting. At no time have the drier hotter than 175 degrees F. When the dried fruit can be twisted and pressed without expelling any moisture the drying process is completed.

Place the dried products in a wooden or pasteboard box and cover with a muslin cover to exclude insects. Stir daily for 10 days to two weeks, taking care to mix every addition of plums thoroughly with those already in the box. When the aftercuring is completed return to the drier or oven for a few minutes to destroy any eggs of insects which may have been deposited during the drying process.

This method of treatment will produce a rather dark-colored dried product, but it is not advisable in the home to try to prevent this by blanching with steam. The dark color in no way detracts from the flavor or food value of the product. —United States Department of Agriculture.

Tabulation of the results of the Newton County Hereford calf club finished recently under direction of County Agent S. S. Davis shows that \$31.34 was left for each member as profit on his investment after deducting costs of feed and labor. Besides the monetary gain each boy and girl obtained experience which will be invaluable in later life.

Try One Brunswick Then Decide

The best way to know for yourself the superiority of the Brunswick Tire is to buy one and compare it.

That is, if the very name of Brunswick isn't sufficient proof to you, as it is to most men, that here is an extraordinary tire.

Thousands of men who have known the name of Brunswick for years, realize that a Brunswick Tire has to be the best—for a mediocre product could never bear this historic name.

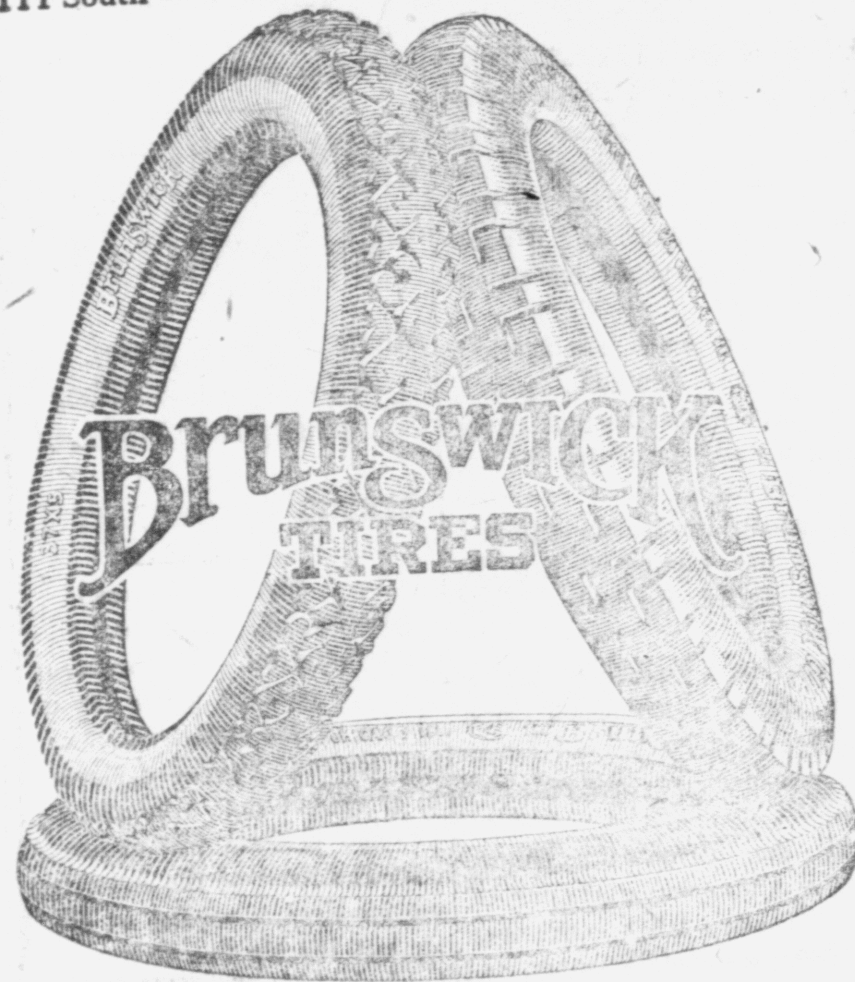

Long before the Overland Trail became famous, the House of Brunswick was established. It was one of the chief users of rubber for fifty years before automobiles came into use.

No concern with such a history could afford to offer anything but the best. For reputations are built slowly, but can be quickly destroyed.

This is a practical guarantee that Brunswick Tires offer more than the usual, yet at no added cost.

Get your first one now. You'll not be satisfied until you have ALL Brunswicks.

FORMERLY WEALTHY; NOW LIVING IN STABLE

Condition of Serbian Peasant as Found by Red Cross is Beyond Description

DEPRIVED OF WAGE-EARNERS.

(By United Press.)

Belgrade, (By Mail).—In northern Serbia many families, wealthy before the war, have been found by officers of the American Relief Administration and the American Red Cross living in stables and chicken coops. Their homes had been destroyed by the advancing or retreating armies. Now their beds were heaps of straw covered with burlap. It was all that remained as furniture in their once pretentious estates. Penniless and with no clothing except what they wore, these people returned in pitiable condition. Many of the refugees made their way across Serbia in makeshift garments of burlap bags which had contained American food sent to relieve their hunger.

The condition of the Serbian peasants is beyond description. A large proportion are homeless. Most families have been deprived of their wage-earnings by death. The mother is now obliged to support herself and children on what she can produce on a farm stripped of its machinery and tools.

—Mrs. C. A. Tench and Mrs. Frank Gipson of the local Salvation Army, were in Cincinnati today, going on business pertaining to the Rescue work.

—Miss Catherine Caron will leave tomorrow for St. Martin's, Ohio, to re-enter Ursuline college, after spending the summer vacation with her parents, Mr. and Mrs. Charles J. Caron.

WILL DISCUSS THE TARIFF

Congress Busily Occupied With Legislative Matters This Session

Washington, Sept. 16.—The question of a new tariff policy will not be taken up for serious consideration by the House Committee on Ways and Means until next December, according to the statement of Chairman Fordney today. Mr. Fordney said that Congress was already so busily occupied with legislative matters pertaining to the cost of living, and other reconstruction problems that the subject of the tariff could not be taken up at the present time. It is planned to open extensive hearings shortly after the beginning of the next session.

Safe Milk

From Sanitary Dairies—From Inspected Cows

You know you get a safe milk when you get Van Camp's.

The dairies are sanitary, the cows are inspected.

Then after evaporation—after the cans are sealed—the milk is sterilized.

The dangers which lurk in ordinary milk never exist in Van Camp's.

Extra-Rich Milk

In Van Camp's you get milk from healthy, high-bred cows. Every milking is tested for the butter-fat.

Then we reduce it to double richness by taking out more than one-half of the water.

Van Camp's Milk comes to you as a cream. Dilute it one-half and you have rich milk. For cooking you have a whole milk, where you usually use skimmed milk.

Economical Milk

You get in Van Camp's economical milk.

There is no waste. It comes in small cans and large cans. Open little or much as you wish.

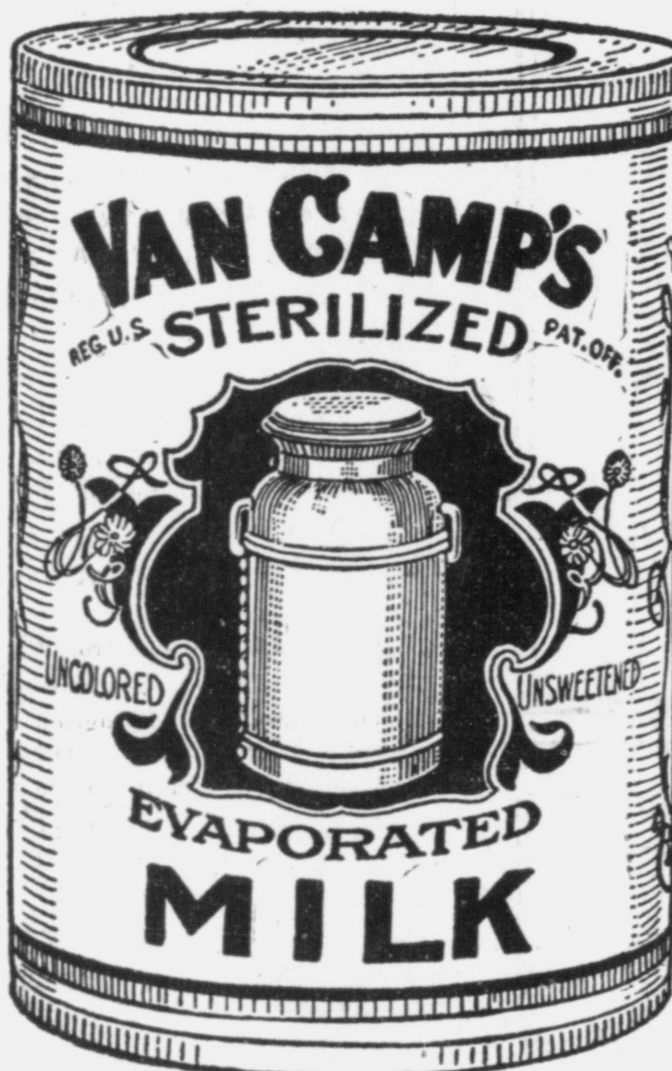

* * * * *

You never run short of milk, never run over. You have milk for every emergency, but none to throw away.

A 20-Year Product

We have spent 20 years to make Van Camp's the finest milk sold in America. The ablest milk experts have helped us. We have bought high-bred cows, built model condenseries and established sanitary dairies.

Now millions of homes get better milk than they ever had before. We urge you to join them.

"The Cow in the Pantry"

Van Camp's Milk

Rich, whole milk, reduced to double richness by low-heat evaporation

Sealed at model condenseries in Seven great dairying districts by

Van Camp Products Company
Indianapolis, Ind.

ELECTION OF DELEGATES

Indianapolis, Ind., Sept. 17.—Election of delegates to the general conference at St. Louis next year will hold the attention of the Indiana A. M. E. churches which opened here today at the Bethel M. E. church.

There will be a reception tendered the visitors tonight, which will feature the entire meeting so far as elaborate preparations are concerned.

The matter of lining up the A. M. E. churches of the state with the Interchurch world Movement will be taken up.

WILSON WELCOMED TO SAN FRANCISCO

Continued from Page One
because the peace conference had no jurisdiction in the case. Such a conference will be covered in Article 11.

"My position on the subject of self determination for Ireland, said Wilson, "is expressed in Article 11 of the covenant. I myself am particularly interested, because it seemed to me, that it was necessary for the peace and freedom of the world that a forum be called to which all people would bring problems that would likely affect the peace and freedom of the world."

The Empty Can

The police in many communities are giving a good report of prohibition. There is a notable decrease in crimes of certain kinds. Disorderly hoodlums grow scarcer; wife-beaters diminish; cases of cruelty to children are fewer.

But the need of caution is not gone. Prohibition is a national confession that we cannot be trusted to control our appetites. We behave better with light handcuffs on, and herein is the wisdom of prohibition. But we have appetites to which alcohol never ministered, and their mastery of us is a commonplace to all who read the daily history of our larger towns.

Peace Not Gained by Force.

The Carnegie Endowment for International Peace is one of the greatest influences for peace in this country, efficiently organized and permanently sustained through the enlightened benefaction of Mr. Carnegie. In 1910 he set aside the sum of \$10,000,000 for its establishment, to be administered by a board of trustees "from century to century without end". As described by the donor, the purposes of the Endowment are "to hasten the abolition of international war, the foulest blot upon our civilization."

"Lines of future action", commented Mr. Carnegie, "can not be wisely laid down. Many may have to be tried, and having full confidence in my trustees I leave to them the widest discretion as to the measures and policy they shall from time to time adopt, only promising that the one end they shall keep unceasingly in view until it is attained, is the speedy abolition of international war between so-called civilized nations."

In the exercise of the unlimited discretion with which the trustees of the Carnegie Endowment are clothed they have adopted the theory that peace can never come by force, but rather must be attained through the education of the people to the folly of war. To that end they have caused to be printed numerous works on war and its evil effects, and have arranged many lectures by prominent men from this country and abroad on the subject. Equally in conformity with that principle the Endowment has studiously refrained from contributing money to associations that advocate the realization of peace through the application of force. The League to Enforce Peace, headed by Mr. Taft, has never received aid from the fund.

Not only has assistance been refused to those who would bring about peace through war, but the most prominent trustees of the En-

Foley's Honey and Tar Compound

CLEAR THE THROAT of phlegm and mucus, stops that tickling, opens the air passages for easier breathing and cures the raw, inflamed surfaces with a healing, soothing medicine.

Grateful Father Tells What It Did
W. E. Curry, 120 Up 6th St., Evansville, Ind., writes: "I have a little girl 6 years who has a good deal of trouble with croup. I have used Foley's Honey and Tar Compound, giving it to her according to directions, and obtaining instant relief for her. My wife and I use it whenever bothered with a bad cold or cough, and I will say that it is the best remedy for a bad cold, cough, throat trouble or croup that I ever saw."

Parents who use Foley's Honey and Tar know it is safe and no harm will come even if an overdose should be given by accident. It tastes good and children like it. It won't upset the delicate stomachs of young children, delicate persons or elderly people.

F. B. JOHNSON

Sap and Salt

By BERT MOSES

Politics is just one lie after another.

It is hard for a vegetarian to pass up fried chicken.

Oratory is largely a matter of dull statistics and stale stories.

Some men get rich by having the courage to say "No" at the right time.

About all a growing child hears from the old folks is the word "don't."

Hez Heck says: "The reason there seems to be so many immodest girls is that they are the only kind who advertise."

dowment are among the prominent critics of the league of nations as being essentially an instrument to compel peace. The president, Elihu Root, is unalterably opposed to the league as it now stands, and has proposed several radical amendments to it. Dr. David J. Hill perhaps the most eminent authority on international law and European politics in the country, has expressed himself in a series of articles and addresses in condemnation of the covenant's provisions. Nicholas Murray Butler of Columbia University and Chariemagne Tower are also outspoken critics.

If these great men who help shape the policies of the Carnegie Endowment for International Peace condemn the league of nations as an instrument for the prevention of war what distrust must arise in the minds of the people at large? These experts have given profound study to the best means for bringing permanent peace to the world, and have become convinced that a peace of compulsion can never endure. That any peace that may come from the operation of the league of nations will be of that sort must be admitted by every student of the covenant.

Attorney General Palmer promises reduced cost of living in three months. He promised some convictions of bomb plotters, but we can't recollect any fulfillments of the promise.

The war department must have some inside dope about the league of nations being ratified. The announcement has just been made that "Recruiting for service with the A. E. F., Europe, will be resumed immediately."

The only thing that Mr. Wilson hasn't blamed on the Senate for not ratifying the treaty is the Boston police strike. Possibly he hasn't heard of it, since it's a purely domestic trouble.

USE EXISTING INSTITUTION

Board is Cooperating With at Least 30,000 Public and Private Agencies

Washington, Sept. 17.—One principle to which the Federal Board for Vocational Education has strictly adhered in administering the Vocational Rehabilitation Law is that of utilizing existing institutions. At present 546 state and local educational institutions and 198 factories, shops and offices scattered over the country are being used for training disabled men. In addition the Federal Board has established cooperative arrangements with government departments, the American Red Cross, the National Catholic War Council, the Council of National Defense, the National Manufacturer's Association, the American Federation of Labor, the Elks War Relief Commission, the U. S. Chamber of Commerce, Rotary Clubs, Casualty Insurance Companies. All told the Board is cooperating with at least 30,000 public and private agencies, both national and local. The aid received from them is invaluable to the Board in carrying out the duties imposed by the law.

Dr. and Mrs. F. R. McClannahan have moved from their former residence in West Fifth street, to their property in North Morgan street, formerly owned by R. E. Mansfield.

FARM JOURNAL TO GIVE CORN CONTEST

Contest is Based on Production and Was Planned to Stimulate Higher Corn Yields

18 PRIZES TO BE AWARDED

Satisfactory Terms Have Been Reached to Enroll all Five Acre Contestants in Indiana

Lafayette, Ind., Sept. 17.—An agreement has been made between the Indiana Corn Growers' Association and the Farm Journal of Philadelphia, Pennsylvania, resulting in the automatic enrollment of all Five Acre Corn contestants in the National Corn Growing Contest carried on by the Farm Journal and known as the Farm Journal Contest, according to an announcement of Prof. G. I. Christie, Secretary of the Indiana Corn Growers' Association.

The Farm Journal Contest is based on production alone and was planned during the war in order to stimulate more interest in higher corn yields. The rules used in the Five Acre contest in Indiana will apply to the Farm Journal Contest except in one detail of determining the moisture content which will be explained at the time the plot is judged by the representative of the Indiana Corn Growers' Association. In addition to the prizes offered by the state association, contestants in Indiana are eligible to compete for the cash and premium prizes which will be offered in the national contest to the person producing the greatest number of bushels of corn on five acres.

Satisfactory terms have been reached whereby all contestants in the Indiana Contest will become enrolled in the national contest conducted by the Farm Journal. A letter has been sent to the Farm Journal asking them to send each individual contestant a booklet giving more information relative to the details of the national contest.

Eighteen prizes will be given by the Farm Journal for the best yield of corn harvested this year. The first prize is to be a national gold medal and \$1,000; the second will be a national silver medal and \$500 while the third is to be a national bronze medal and \$250.

A blue ribbon is to be given for the best yield, a red ribbon for the second best yield and 10 engraved certificates for framing for the ten leading contestants in each county of the Union; provided a meritorious yield is produced. These certificates are to be signed by the judges of the contest and awarded by the county agent or farm bureau to participants in the national contest.

Our Daily Laugh

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

For a year or so Master Robert asked his mother why he had no baby brother or sister. His mother finally said, "You should pray for a baby brother or sister." When feeling particularly lonely Master Robert prayed; in fact often. One day, a strange lady in a white costume, with a neat cap, came to the house and the next morning she took Master Robert and his father to the mother's bedside. Reclining in two small parcels were a baby sister and a baby brother.

"Look, Bobby," said the proud father. "A baby brother and a baby sister. That's what you wanted?"

"Gee! Two of them?" queried Robert. "Gosh! It is good I stopped praying when I did."

What Our Neighbors Are Talking About

+++++*****+++++

How Long Will it Last?

(Philadelphia Press)

Since the fall of Huerta there have been twenty-six known raids across our Southern border. Absolute anarchy down there is prevented only by the presence of a considerable American army, which is costing the American people something like one hundred million dollars a year. We are put to the expense of maintaining an armed force in the field to protect our own people, residing in our own country, against the criminal acts of citizens of another country, the present Government of which we have set up and for which we are in a large measure responsible to the world. How long will the Administration permit this situation to continue? What excuse can it make to the American people for such an alleged policy?

CONSTITUTION DAY

Indianapolis, Ind., Sept. 17.—Indiana was observing "Constitution Day" today in accordance with a proclamation issued by Governor Goodrich.

The Massey-Harris Stands That Test as No Other Corn Binder Can

And the reason that it does is very clear. It has all of the desirable features found in the usual Corn Binder construction and in addition, has several exclusive ones that contribute much to its efficiency, outstanding among which is a wider range of adjustment for accommodating all heights and kinds of corn—an adjustment which can be operated with speed and accuracy. Whether the crop be the supple kafir corn of the Southwest, the large, firm varieties of the Corn Belt, or the short growths mixed with grassy bottoms, this machine will harvest it in a way that will always please. Just keep that fact in mind and in connection with it consider the following which will show you conclusively why the Massey-Harris Corn Binder is the machine best suited to supply your needs.

IT IS BACKED BY NEARLY 70 YEARS EXPERIENCE IN IMPLEMENT BUILDING AND IS THE CULMINATION OF 16 YEARS OF STUDY AND DEVELOPMENT.

FURNACE HOT BLAST

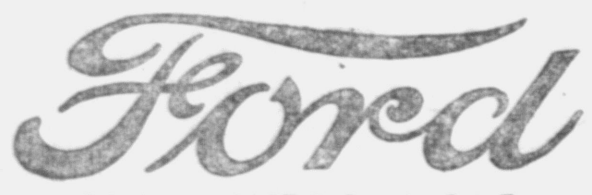

Burns Slack, Soft Coal, Hard Coal, Wood and Coke. No soot, fumes or dirt. Operates on less coal than any other 18-inch heater on the market. Hot blast linings never burn out, so constructed that ashes and fire cannot possibly work in behind them. Cast construction in center of stove is hollow gray casting, holding heat close to the floor, also saving fuel and protecting body iron from turning red and ugly. Bowl on this heater is extremely heavy and deeply corrugated, giving an extra amount of radiating surface. This is the hot blast that is operated same as a base burner—set your dampers at place suited and go about your work or shopping without being worried about your stove getting red hot and burning the house down. Perfect control is assured by having airtight joints and doors. Remember this is the stove which has the Genuine Anti Buckling ring. Stove is mounted with entirely full pure white nickle. If you've never seen this 1920 model hot blast stop and let us explain this construction.

We Deliver and Install. **S. L. HUNT** HARDWARE Phone 1340.

Amusements
Last Time Tonight at Princess.
"The Hoodlum" which has been playing this week at the Princess theatre, will be shown for the last time tonight. The picture has attracted big crowds all week, and shows Mary Pickford, the famous movie star, at her best. She plays the part of Amy Burke, granddaughter of a wealthy man, but she decides to run away and throw herself in with the poor people of New York City. Many funny incidents bring laughter, and the love story which is interwoven is nicely brought to a fitting climax.
Donald Crisp, who has guided the destinies of Bryant Washburn, Paramount star, through many delightful comedy-dramas, again handled the megaphone during the production of "Love Insurance". Mr. Washburn's latest starring vehicle, which is coming to the Princess theatre tomorrow. Mr. Crisp is a wizard in his particular branch of the profession, and his productions starring Bryant Washburn are in a class by themselves. C. Edgar Schoenbaum, a past master in the art of beautiful and colorful reproductions, did the photography.

Thrilling Picture at Mystic
So many accidents occurred while producing "The Zeppelin's Last Raid" the new Thomas H. Ince super-spectacle to be shown at the Mystic theatre today that a base hospital had to be established near the Triangle plant at Santa Monica, Cal. to care for the wounded participants in the strikingly realistic battle scenes of the picture.
Two of the famous street sets that formed a background for several Triangle productions were completely demolished to give a few extra thrills to "The Zeppelin's Last Raid" and in the work of destruction more than fifty supers sustained minor injuries and had to be removed to the temporary hospital to be patched up. Several times Irving Willat, who assisted Mr. Ince in producing the picture, was imperiled by falling embers, and once had a blazing beam fall within two feet of him.
Even the troupe of hardened cowboys attached to the plant withdrew to a safe distance, many of them expressing fear that Ince and Willat would blow up the entire lot before the picture was completed. However, the great production was the better for the risks the men took. Seldom have such strikingly realistic scenes been converted to the screen as are shown in the first two reels of "The Zeppelin's Raid," which will have its first presentation at the Mystic theatre.

Mary Ann, small daughter of Dr. and Mrs. Lee, who has been critically ill, is slightly improved.

WM. H. & WILBER MAY
EVERETT BUTTON Auctioneer. BERT BENNER, Clerk.

The members of the Thursday Afternoon Bridge club will be entertained tomorrow afternoon by Mrs. Carl Gunning at her home in West Tenth street.

Mr. and Mrs. Ray Lakin are entertaining Mr. and Mrs. Carl Kebrich of Indianapolis, Mr. and Mrs. M. W. Bailey of Oklahoma City, today at their home in North Morgan street.

The annual Lower reunion will be held Sunday, Sept. 28, at the home of Mr. and Mrs. Thomas Lower southwest of the city. All members of the family are cordially invited to attend.

Miss Cora Winship was hostess for the S. E. T. club yesterday afternoon at her home in East Fifth street. The hours were spent over needlework and during a social hour refreshments were served.

The Lurline Council, No. 296, will hold their regular meeting at the Red Men's hall Thursday evening at 7:30 o'clock. After the meeting a pitch-in supper will be served and all members are invited to attend.

Mr. and Mrs. H. Louis Mauzy and Posey Denning of this city, and Miss Ruth Collins of Chicago, who is the guest of Mr. and Mrs. Mauzy will motor to Anderson tonight to

attend a dinner dance at the country club.

Mrs. John Beale, Mrs. Helen Pier-son, Mrs. Ned Abercrombie, and Mrs. Harry Kramer, formed a motoring party today and motored to Indianapolis. This afternoon they expect to see "Scandal" at the Murat.

Hugh Lee Collier, little son of Mr. and Mrs. Orville Collier, who was recently run down by an automobile and sustained a broken arm, is improving. He was taken to the St. Vincent's hospital in Indianapolis, for treatment.

The Ladies Missionary Society of the First Presbyterian church was entertained at the home of Mrs. J. T. Arbuckle in East Seventh street yesterday afternoon. A short program was enjoyed by the fifteen members who were present.

The Willing Workers of the Methodist church will meet tomorrow afternoon at two o'clock, with Mrs. Sam Young at her home in North Perkins street. All members are requested to be present as election of officers will take place at this time.

Mr. and Mrs. Lee Carithers and little son, William, Miss Anna Carithers and Miss Fern Hoop of Shelbyville, and Miss Mary Cornelius of Winchester, spent Sunday as the guests of Mr. and Mrs. Oscar Williams and Mr. and Mrs. Albert Updike, west of the city.

The Misses Dorothy Mulno, Mary

Louise Bliss, Dorothy Sparks and Kathryn Wyatt have been pledged to the Kappa Alpha Theta sorority at Indiana university, according to word received here yesterday afternoon. They went to Bloomington Sunday to enter the university as freshmen.

Eighteen members were present for the meeting of the Loyal Women of the Main Street Christian church last evening, which was held at the home of Mrs. Belle Trobaugh in West Seventh street. After the regular business meetings and social hour, refreshments of watermelon were served.

Mr. and Mrs. Wayne Wellman of New Salem entertained the following guests at dinner Sunday: The Rev. Mr. and Mrs. Ross of New Salem, Mr. and Mrs. Sylvester McKibben, the Rev. and Mrs. J. R. Stanton of near Fowlerton, Ind., Mr. and Mrs. Earl Vogel, Mr. and Mrs. E. W. McKibben, Mr. and Mrs. Herbert Holden and Mrs. Perry Wellman.

At the meeting of the ladies of the Social club last evening in the Social club rooms, the following captains were elected: 1st division, Mrs. Carl Beher, assisted by Mrs. Frank Capp; 2nd division, Mrs. John Kiplinger, assisted by Mrs. Lowell M. Green; 3rd division, Mrs. Lon Stewart, assisted by Mrs. Chase Mauzy. The next supper will be served Thursday evening, Sept. 25 and from that date on the suppers will be served every three weeks on Wednesday evening. The supper to be given Thursday evening, Sept. 25, will be in charge of the third division.

One of the most interesting meetings of the Sexton C. W. B. M. was held Tuesday at the home of Mrs. Emily Kiser. At noon a bountiful pitch-in dinner was served and in the afternoon the ladies went to the church where a well arranged program was carried out, honoring the 45th anniversary of the C. W. B. M. Mrs. J. D. Case and Mrs. Robert Kennedy of this city were present and gave talks before the society. Mrs. Fred Oldham read the story of Mary Magdalene; Mrs. Jennie Steele read a paper on the beginning of the Christian Woman's Board of Missions; Mrs. Marion Pratt and Mrs. Earl Grubbs gave the scripture reading. A quartette composed of Mrs. Vester Casey, Mrs. Maud Oldham, Mrs. William Barlow and Mrs. Ode Winkler furnished the music. Mrs. Jess Winkler conducted the hidden answers and also gave out

Autumn Boots

J. & K. SHOES
Fit the Arch

We announce the largest and most attractive showing of

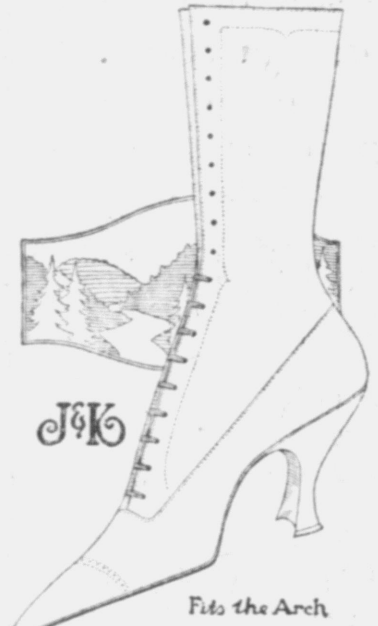

J. & K. Boots

for young women

The glory of first choice goes to those women who call early

in the history of our store. There's a style for every woman in the city, a veritable treasure, more attractive and better fitting even than J. & K. models of the past.

Shown in kid and calf with some particularly striking styles in high French heels, which are very chic this Autumn.

The Mauzy Company

Fits the Arch

Fall Shoes

How much is a shoe worth that does not fit?

Come to our store, select the style of shoe that you like, and it will be fitted to your foot by one of our men who is specially trained in shoe fitting.

If you already have foot troubles our Foot Expert will prove to you that you can wear stylish shoes in perfect comfort by removing the cause of your foot ills with a pair of

WIZARD

Adjustable, Feather-Light Foot Appliances.

McIntyre Shoe Store

the questions for the October meeting. Mrs. Vester Casey recited the anniversary poem which was well rendered. After the program the ladies went back to the home of Mrs. Kiser where refreshments of ice cream and cake were served. The guests were Mrs. J. D. Case and Mrs. Robert Kennedy, Mrs. Jess Winkler, Miss Dora Winkler, Mrs. Fred Oldham and daughter, Mrs. William Barlow and daughter, all from this city, Mrs. Carrie Bell of Toledo, Ohio; Mrs. Marion Pratt, Mrs. Vester Casey, Mrs. William White, Mrs. George Kendall, Mrs. Orville Porter and children, Mrs. Carrol Clifton and daughter, Mrs. Ode Winkler, Mrs. Earl Grubbs, Mrs. Howard Steele, Mrs. John Weisse, Mrs. Omer Thompson, Mrs. Virgil Longfellow, Mrs. J. T. Newkirk, Mrs. John Whitton and Mrs. Baty Newhouse. The October meeting will be at the home of Mrs. Howard Steele.

A. E. F. ENTERTAINER BACK

Charles Lineback Arrives at His Home in Carthage.

Charles Lineback, who headed a company of Y. M. C. A. entertainers in France, arrived at his home in Carthage last night and is visiting his mother, Mrs. Frances Lineback. Mr. Lineback, who is an impersonator, and his company gave five hundred entertainments in the A. E. F. camps in France. He maintained headquarters in Paris during his stay of several months in France. Mr. Lineback was formerly a newspaper man and has also superintended a number of chautauques.

ARMY FOOD AT GREENSBURG

First Shipment of Amount Ordered There Arrives Tuesday

Orders of surplus army food continue to arrive at postoffices in this part of the state, but none has ever reached Rushville. The Greensburg office yesterday received \$140 of canned goods, which will fill a part of the orders sent in by Decatur county people.

Some persons here who ordered the army food a month ago, are threatening to go and board with Postmaster G. P. Hunt if he doesn't get the food here soon. They fear that bacon will be selling cheaper here, than the price they paid for the government product, before it arrives.

PROFITEERING IS NOT A MODERN EVIL

Queen Elizabeth Had to Deal With it and Adopted Drastic Measures Against It

ISSUED PROCLAMATION THEN
The Issue is Interesting if Only For Strong Language Used by Sovereign

(By United Press.)

London (By Mail).—Profiteering and the H. C. L. is not a modern evil. Queen Elizabeth had to deal with it, and she adopted drastic measures against sixteenth century profiteers or "bodgers" as they were popularly called then. An Elizabethan proclamation to lords-lieutenant of counties and local authorities, dated 1597, is interesting, if only for the strong language used by that autocratic sovereign, as compared with present-day legal phraseology. "Elizabeth, By the Grace of God," etc., says to "bodgers:"

"Wee understand that upon the late dearth of all kynde of grain, and of butter and cheese and other victuals in this Realm, although Almighty God hath mercifully with-drawn His heave hand wherewith we deserved our late punishment, and hath now yielded us a change to the great comfort of all sorts of people"—(they evidently had wars, too) "Yet there are seen and found a number of wicked people in condition more like to wolves or cormorants than to natural men, that do most covetously seek to hold up the late great prices in corn and all other victuals by increasing the

Notice of Administratrix's Public Sale of Personal Property.

Notice is hereby given that the undersigned, as Administratrix of the estate of Willard C. Wilkinson, deceased, will offer for sale, at public auction, at the late residence of said decedent, five miles north and one mile west of city of Rushville on Knightstown pike, about three miles east of Henderson, and about four miles southwest of Sexton, in Jackson township, in said county and state on

FRIDAY, OCTOBER 3d, 1919, the personal property of said estate, consisting of 1 gray horse, 4 years old; 1 roan horse 5 years old; 1 bay mare, about 11 years old; 1 gray filly, 3 years old; 1 gray smooth mouth mare; 1 bay smooth mouth mare; 1 black milk cow 3 years old; 1 red milk cow, 2 years old; 1 roan heifer; 1 roan male calf; 1 black and white calf; 1 brindle calf; 1 white calf; 1 roan calf

8 brood sows with pigs by their sides; 1 registered Big Type male hog; 27 feeders, weighing about 125 pounds each; 38 acres growing corn in field; 12 tons timothy hay; two tons oats hay; 1 farm wagon with box bed, 1 farm wagon with flat bed and hog rack, 1 auto trailer, 1 manure spreader, 1 disc harrow, 1 wheat binder, 1 spring wagon, 1 buggy, 1 corn turner, 1 wheat drill, 2 Oliver riding breaking plows, 1 walking breaking plow, 2 corn planters, 1 new Janesville, only been used one season, 1 self rake, 1 mower, 1 roller, 1 riding cultivator, 1 gravel bed, 1 seed sower, 1 end gate seeder, 8 sets work harness, a lot of bridles, lines, collars, and 4 sets fly nets, 1 set buggy harness, and numerous other farm implements and tools not mentioned herein.

Terms—All sums of five dollars and under, cash in hand; over five dollars, a credit of not to exceed nine months will be given, the purchaser executing his note therefor, bearing six per cent interest after maturity, waiving relief, providing attorneys' fees and with surties thereon to the approval of the administratrix.

ETHEL WILKINSON, Administratrix. Leisure & Button, Auctioneers. Rug Webb, Clerk. Morgan & Ketchum, attys. for estate. Sept 19-17-24

same into their private hands, bargaining beforehand for corn, and in some parts for grain growing, and for malt before it is made, and for butter and cheese before it be ready to be brought to ordinary market for to be bought by the poorer number.

"Against which foul corrupt fraud and malicious greediness there are both many good laws and sundry orders of late given to all justices and other public officers to reform such notable abuses, and therefore wee cannot but charge and command you to cause diligent inquisition to be made in all parts of the country as well as in towns, of such as do directly or indirectly thus buy or bargain; and that you shall apprehend such, and take from them such as they shall unlawfully buy, and compel them to revoke their unlawful bargains, and to send up to us some of the most notable offenders * * * Wee do warn you all to have a special care, not only with sharp reprehension to seek to reform them but also to certify us of their names and thereby to avoid the just offence of the inferior sort, who cannot but be grieved to see such corruption in the better sort suffered without restraint."

"That's the stuff to give 'em" say the present day sufferers.

Direct Marketing

The large packer represents the most direct route possible from farmer to retailer.

Large volume of business makes this possible. The public should be glad that there are large packers for this reason if for no other.

We buy live stock in the stockyards in the West.

We put them through packing houses.

We ship in clean refrigerator cars.

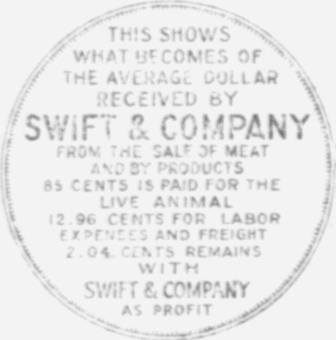

We sell through 400 branch houses located in all large consuming centers.

All done at a minimum of expense and a fraction of a cent per pound profit from all sources.

And it's only because we are big that we can give this service.

Let us send you a Swift "Dollar."
It will interest you.

FAKE LINEMAN ALSO BUSY AT GREENSBURG

Man Who Posed as Employee of Central Union Telephone Co. Passes Two Bogus Checks

DESCRIPTION OF HIM GIVEN

Greensburg, Ind., Sept. 17.—William Pence or Walter Baker, alleged Central Union Telephone Company lineman, who passed fraudulent checks at the Charles L. Bray hardware store and the Carter & Co. clothing store the latter part of last week, left Greensburg on a traction car at 7:30 Friday night, in the opinion of Sheriff Beeson, working on the case.

Information has reached the sheriff showing that the man whose real name is believed neither Pence or Baker, boarded the 7:30 traction car and paid the conductor a cash fare to Indianapolis. He left the car soon after it had entered the Indianapolis city limits.

According to the conductor, the man wore a soft brown hat, was in his shirt sleeves and carried a bundle, presumably the articles of clothing he purchased at the local clothing store. He is described as about 40 years old, weighing between 150 and 160 pounds and of florid complexion.

The Indianapolis police department has been notified of his arrival in that city and a notice of his check operations have also been forwarded to the detective departments of several Indiana, Ohio, Illinois and Kentucky cities.

It was learned today that the man passed a forged check on a Rushville merchant the day previous to coming to Greensburg.

LOCAL OFFICIALS APPEAR TOMORROW

Continued from Page One
be given as to whether or not the proposed rate shall stand.

There is much confusion among taxing officials as to what attitude the state board will take when petitions for increased revenue are heard. One section of the law provides that the revenue to be raised in 1920 shall not exceed that of the year unless a petition is filed with the board before the first of July, 1919, stating that the increased revenue is absolutely necessary for the proper and efficient conduct of the business of such unit. Another section of the law provides that the total tax of any unit cannot exceed \$1.50 per hundred dollars without special permission of the board. Whether or not a levy exceeding \$1.50 can be made if the revenue does not exceed the amount raised this year is uncertain and is one of the questions to be cleared up at the hearing.

PLOT FORMED IN VENICE

London, Sept. 17.—The plot which resulted in Gabrielle d'Annunzio's seizure of Fiume was organized in Venice, according to advices received here. The Prefect of Venice has been dismissed. Fiume is isolated today and little news of the recent developments there has reached the outside world.

—Harry E. Smith of Anderson, Ind., spent the day in this city visiting relatives.

TOURNAMENT FOR BILLIARD CHAMPS

Big Prizes Will be Offered for National Champions of the Green Tables, This Fall

ENTRANCE FEE COST \$250.00

New York, Sept. 17.—Tournaments to determine the national billiard and pocket billiard champions of America will take place this fall.

The tournament for the 18.2 ball-line billiard championship will open here Oct. 20 at the Astor Hotel. The entries will be limited to a field of six players with an entrance fee of \$250. The games will be 400 point affairs. The first prize will be \$2,500, second \$1,750, third \$1,250, and fourth \$750. In addition the winner will draw an annual salary of \$4,000 as long as he holds the title.

The three-cushion championship tournament will be held at the Moose auditorium, Cleveland, starting November 6th. It will be contested by ten players for prize money aggregating \$1,500. To the winner goes \$1,500 and an annual salary of \$2,400, second prize is \$1,250, third \$1,000 and fourth \$750.

The pocket billiard series will be held at the Parkway auditorium, Philadelphia, starting Nov. 1. Prize money runs the same as the other series with an annual salary of \$2,400 to the winner.

The three champions decided in the tournament will then stage an eighteen weeks tourney for which they will receive \$100 per week and up.

GRAND JURY STARTS LATE

Witnesses Before Investigators Today Mostly Carthage People

The grand jury, which is in session for three days, and will conclude its work tomorrow, was exceedingly busy yesterday and examined many witnesses. This morning not so many people were summoned, and a late start resulted, owing to the break-down of an automobile, bringing in some witnesses from Carthage. Those before the grand jury today were mostly Carthage people, and among them were three or four colored persons. Joel G. Carson was appointed yesterday by Judge Sparks to act as foreman of the jury.

WILSON WELCOMED TO SAN FRANCISCO

Spectators Shout, Yell, Clap Hands
and Blow Horns, Making Car-
nival of Parade

IN HOME STATE OF JOHNSON

President Says in Statement Irish
Independence Was Not Subject
For Peace Conference

(By United Press.)

San Francisco, Sept. 17.—From the time President Wilson landed here today until he entered his hotel, there was not a break in the crescendo of cheering that welcomed him to the home state of Senator Hiram Johnson, a peace treaty opponent.

Market street was a mass with spectators who shouted, yelled, clapped hands, blew horns, threw flowers and made a carnival of the president's parade.

Wilson stood up in his automobile all the time, waving his hat. His smile never faded. He looked as if he enjoyed it.

A delegation including Mayor Rolph, Governor Stephenson and General Liggett and other noted men met the president at Oakland.

Aboard the President's Train, Sept. 17.—Answering questions of the San Francisco labor conference with regard to Ireland's status under the peace settlement, President Wilson today pointed out that the league of nations sets up a forum, to which all people can bring any matter that is liable to affect the peace and freedom of the world.

"Under the covenant," the president said, "this country does not obligate itself to assist any member of the league in putting down a rebellion.

"The United States is no way limited as to recognition of any government which seeks to achieve independence. It was not possible for the peace conference to act with regard to self determination of any territory except those dominated by the Central powers, but the league covenant sets up for the first time in Article 11, a forum before which can be presented all claims for self determination such as are likely to affect the peace of the world.

"Ireland's case was not heard

SAYS MIDDLEWEST IS AGAINST TREATY

Senator Borah, On Return to Wash-
ington, Declares Country is
Aflame With Opposition

BACK AT REQUEST OF LODGE

(By United Press.)

Washington, Sept. 17.—The mid-
dlewest is aflame with opposition to
the league of nations covenant in
its present form, Senator Borah of
Idaho, declared today on his return
to Washington from a speaking trip.

"The demonstrations of Ameri-
canism which the middlewest is giv-
ing," said Borah, is filling advocates
of the unqualified ratification of the
treaty with fear and forboding. That
is why an attempt is being made to
rush the treaty through the senate.
They are afraid of the tide that is
sweeping the country.

Borah returned to Washington at
the urgent call of Senator Lodge,
because treaty advocates are seek-
ing to force the opponents to act
on the treaty amendments without
further debate.

Borah said Senator Johnson, who
is also on a stump tour, will be
allowed to continue for the remain-
der of the present week at least.

STRIKE IS NOT POSTPONED

Steel Workers' Chairman Says It
Will Start as Announced

(By United Press.)

Pittsburg, Pa., Sept. 17.—Dele-
gates attending the conference of
the steel workers in this district
adjourned their meeting at 2 p. m.
The conference will be resumed at
four o'clock. Chairman John Fitz-
patrick stated no announcement
would be forthcoming until probably
late tomorrow.

"Postponement of the strike of
steel workers is a dream," declared
Fitzpatrick. "The strike is going
ahead as per schedule."

SAYS PACKERS STORY WILL AMAZE AMERICA

Attorney General Makes Statement
at Conference in Albany Re-
garding Their Prosecution

SECOND ATTEMPT AT TRIAL

(By United Press.)

Albany, N. Y., Sept. 17.—At a
conference on the prosecution of
Chicago packers under the criminal
clause of the anti-trust law, At-
torney General Palmer declared today
in a speech that "the story of the
Chicago packers will amaze Ameri-
ca." The most of the American peo-
ple impaired a verdict of conviction
against the big five Chicago packers
he declared. He said that the evi-
dence presented to the grand jury
will result in their indictment.

Chicago, Sept. 17.—The govern-
ment today began its second effort
to bring the five Chicago packers to
trial for alleged violation of the
anti-trust laws.

Isadore Kresel, special assistant
attorney general, went before the
federal grand jury to show the
packers have defied the government
law by having a monopoly control of
food supplies.

FIXES HURRICANE DEATH LIST AT 250

Mayor Sparks of Sinton Includes
Toll at Corpus Christi, Nueces
Bay and Port Aransas

RELIEF REACHES SINTON

(By United Press.)

Sinton, Texas, Sept. 17.—More
than 250 persons are dead from
Sunday's gulf storm and tidal wave,
Mayor Sparks of Sinton estimated
today.

The mayor's figures include the
dead at Corpus Christi, the northern
shore of Nueces Bay and Port Ar-
ansas and vicinity. Ten bodies were
held at Sinton today. Four have
been identified. One soldier was
among the dead.

A relief train from Houston
reached Sinton at 9 o'clock this
morning. It will proceed to Corpus
Christi after part of the workers
detrain here, to go to the northern
shores of Nueces Bay. The train
carried about 100 soldiers.

The soldiers are assisting the re-
lief workers in Sinton and Corpus
Christi.

Little vandalism or looting have
been reported to Mayor Sparks.

Damage 10 to 15 Millions

Corpus Christi, Sept. 17.—The
death list from Sunday's hurricane
and tidal wave stood at 197 today,
according to reports early today.

Property damage is estimated at
from 10 to 15 million dollars in the
devastated counties.

Bodies of 27 additional dead are
reported held at ranch houses in the
vicinity, but this report has not been
confirmed.

COUNCIL IN STAR CHAMBER SESSION

Hears Privately Report of Commit-
tee Appointed to Investigate
Building Project

NO DEFINITE CONCLUSION

Council Meets Sept. 25 to Receive
Bids on More Equipment For
City Light Plant

The city council met last night in
regular session, and nothing of much
importance was before them, and
before adjourning the Mayor re-
quested all of the outsiders to leave
the council chamber, as they wished
to discuss privately about the build-
ing which is to be erected to house
the new machinery at the water,
light and power plant.

In the private session, it was
learned today, that the council
heard the report of the committee
which had been appointed to inves-
tigate the building of the annex to
the water and light plant. No definite
conclusion was reached last night,
and the time was taken up with try-
ing to determine the cheapest way
to build.

The same committee was asked to
continue their investigation, and re-
port whether or not it would be ad-
visable to hire an architect, and
whether to allow the bid by con-
tract or advertise for bids. The
council meets in a special session
on Thursday, the 25th, and it is
expected that at this time something
definite will be done. On this date,
the council will receive bids for the
additional equipment, which is to be
installed in the plant, to give the
city double capacity of electric
current.

The city clerk was instructed to
order some more white paint so that
the boundary lines for parking could
be repainted and touched up before
cold weather. The clerk was also in-
structed to advise the Lake Erie &
Western railroad to remove a prop-
erty post which they had erected
in the street, near the old round
house.

Councilman Wagoner brought up
the subject of the delay in paving
Third street, and remarked that the
council should do something, or else
the street would be left in an unfin-
ished condition this winter. Mr.
Wagoner said that he had just had
a conversation with Roy Evans,
foreman of the construction com-
pany, and he told the councilman
that as soon as the present car load
of cement was used up, he would
ship his concrete mixer, and bid
Rushville good-bye, leaving the
work unfinished.

The council instructed the clerk
to write George C. Miller, the con-
tractor, who lives in Lebanon, Ind.,
to give a reason why the work was
not being completed. The subject of
cement was brought up, and the
council seemed to think that it could
be had, if the contractor would push
his claim for it.

The claims and usual bills were
allowed by the council, and a war-
rant for \$27.00 issued in April for
the Standard Oil Company, which
they had never received, was re-
issued and payment stopped on the
original warrant.

LYCEUM COURSE IN BALANCE

It was announced today by the
Rushville Ministerial association
that the proposed winter Lyceum
course would fail if more people did
not support it by pledging them-
selves to take season tickets. The
representative of the Lyceum bureau
is still here and the association
urges that people respond to the
appeal to subscribe.

Arthur Grisby of Richland left
Monday for Berea, Kentucky, where
he will enter Berea college.

NEW MEMBERS ARE SIGNING UP FAST

Farmers Meetings at Arlington and
Gings School Houses Tuesday
Night Well Attended

GATHERING FRIDAY NIGHT.

Rushville Township Session Will be
Held Closing Day of Campaign
For Members.

Enthusiastic meetings were held
last night in the school houses at
Arlington and Gings, according to
reports, and many farmers signed
for membership in the present drive
being conducted to induce farmers to
join with the Indiana State Federa-
tion of Farmers' Associations.

The meeting at Gings last night
was well attended, there being 60
present. At this meeting the advan-
tages of such an organization were
told by Howard Ewbank, secretary
of the county association, and Rep-
resentative W. R. Jinnett of Mani-
lla. Several memberships were re-
ceived.

The Arlington meeting was regar-
ded as very successful, and the at-
tendance numbered ninety farmers,
most of whom gave their membership
to the organization. The meeting
was addressed by County Agent M.
F. Detrick and Elmer Hutchinson of
Arlington.

The local organizers are high-
ly elated with the success of the cam-
paign and say that the farmers are
quick to grasp the real value of hav-
ing an organized body which will be
associated with the state associa-
tion. The meetings tonight will be
held at Carthage, Moscow and the
Osburn school. Tomorrow night's
meetings will be held at Manilla and
Raleigh.

The Rushville township meeting
has been definitely set for Friday
night at eight o'clock in the court
house. All farmers in the township
are urged to come, and hear the ad-
dresses. An effort was being made to
secure L. M. Volger of Hope, who is
district director, to be here and de-
liver an address. It is very probable
that he will come, and others will be
here, including W. R. Jinnett, How-
ard Ewbank and M. F. Detrick.

C. H. Patterson, a farmer from
the northern part of the state, was
here today, being sent out by the
state body to help in the organiza-
tion work. He will be on the program
tonight at Carthage.

The Indiana farmer's fight for
fair prices on his wheat, which in-
volves some \$2,000,000 in the state,
is being drawn to a close with the
finish of the \$200,000 guarantee
fund campaign of the Indiana Fed-
eration of Farmers' Associations.
Officials of the Federation today de-
clared in a dispatch from Indiana-
polis, that both the fight and the
fund campaign will be successful.
Friday of this week is quota day,
when the counties will undertake to
subscribe their shares of the big
fund. Leaders throughout the state
report they are ready and waiting
for quota day to "go over the top."

"It is a queer coincidence," said
General Secretary Lewis Taylor to-
day, "that the wind-up of the fund
campaign finds us just closing a
fight on the wheat proposition that
means ten times as much to the far-
mers as the amount we are asking to
guarantee our program with. In-
diana farmers have lost an average
of five cents a bushel on a crop of
40 million bushels of wheat, because
the dealers have charged too much
for a handling margin."

BULGARIAN TREATY READY

Paris, Sept. 17.—The supreme
council of the peace conference to-
day definitely approved the Bulgar-
ian treaty which will be handed to
the Bulgarian delegates at the
French foreign office Friday morn-
ing.

\$5,000 IS REPORTED QUOTA

Unofficially Stated County Will be
Asked to Aid Jews

It is unofficially stated that Rush
county will be asked to give \$5,000
to the American Jewish relief com-
mittee, which has set aside the week
to Sept. 29 to Oct. 4 to raise \$35,-
000,000 in the United States to be
used for the relief of Jews in Eu-
rope who are destitute. Although no
quota has been officially announced,
a representative of the organization
who was here a few days ago, in-
formed a local citizen that this was
the amount which would be expected
of Rush county.

FORMER LOCAL WOMAN IS DEAD AT DES MOINES

Body of Mrs. Charley Norris, Who
Expired Yesterday, Will Arrive
Here Tonight

LEFT RUSHVILLE 5 YEARS AGO

Relatives here received word to-
day of the death of Mrs. Edith
Norris, wife of Charley Norris of
Des Moines, Ia., who died yesterday.
Mr. and Mrs. Norris and family left
here five years ago, going first to
Peoria, Ill., and then to Des Moines.
The word of her death came as a
shock to the relatives here, as she
was not known to be seriously ill,
and the cause of her death is not
known. Mrs. Norris was 59 years
old.

The body will arrive here tonight
at six o'clock, and will be taken to
the home of her sister, Miss Jennie
Creekmore, 307 East Eighth street.
The funeral arrangements will be
announced tomorrow.

Besides the husband, and sister
she is also survived by four chil-
dren, who are Robert of Anderson,
and Donald, Ernest and Mrs. Ruby
Fraser, all of Des Moines. The fam-
ily will accompany the remains
here.

BUSINESS MEN ARE AROUSSED BY REPORT

Foreman of Third Street Improve-
ment Admits Today That Con-
crete Mixer Will be Shipped

JOB TO BE FINISHED THOUGH

The council and business men
were aroused last night, when Coun-
cilman Wagoner reported to the
council that he had just had a con-
versation with the foreman of the
Third street paving gang, Roy Ev-
ans, and that he had remarked that
as soon as the present car load of
cement was used, he was shipping
the concrete mixer, and leaving
Rushville, and the work uncom-
pleted.

Mr. Evans when seen this morn-
ing, refused to talk for publication,
but did not deny making the state-
ment. He said that the council need
not worry about the job being com-
pleted, as somebody would finish it.
He said that the present supply of
cement will last until tomorrow af-
ternoon, and that a car and a half
more would finish the street.

It was understood this morning
that Mr. Evans is interested in a
company which has a contract for
a twelve mile concrete road in Illi-
nois and that the mixer, which is
being used here, is his property, and
he will ship it away, as soon as he
uses up the present supply of ce-
ment.

He gave the impression this morn-
ing that the work could be completed
by someone locally. George C. Miller
of Lebanon, will be informed by the
council, that the work is to be com-
pleted as soon as possible.

LOCAL OFFICIALS APPEAR TOMORROW

Taxing Officers From All Units Seek-
ing Increased Revenue to go Be-
fore State Board

PROPOSED LEVIES ON FILE

All in Hands of County Auditor and
Will be Certified to Tax Com-
missioners This Week

Tomorrow is the day set by the
state board of tax commissioners
to hear Rush county taxing officials
who have petitioned for increased
revenue for next year. Practically
every township and corporation in
the county is asking for more money
due to the increased cost of every-
thing.

The remainder of the tax levies
fixed by the townships and corpora-
tions have been filed in the au-
ditor's office and will be certified to
the state board by Saturday, the
time limit.

All of the proposed levies which
had been filed up to last Saturday
have been published, Ripley, Jack-
son and Orange townships and Glen-
wood corporation being the ones
filed since that time.

Ripley's levy was fixed at 46
cents as compared to a rate of
\$1.01 this year. The township tax
was decreased from eight cents to
three cents, the road tax from thirty
cents to nine cents, the tuition tax
from twenty to seventeen cents, the
special school tax from forty to fif-
teen cents and the library tax from
three to two cents. A poll tax of
25 cents was levied for the special
school fund and one of 25 cents for
the tuition fund. The taxables are
valued at \$4,663,310 for next year
and this year the value is \$1,596,365.

Glenwood's rate was put at forty
cents for next year, on a valuation
of \$291,770. This year the rate is
55 cents on a valuation of \$130,-
585. The corporation tax was cut
from sixty to 27 cents and the
electric light tax from 25 to 13
cents.

Jackson township's rate for next
year was fixed at 44 cents on a
valuation of \$3,504,325. This year's
rate is \$1.01 on a valuation of \$1,-
152,190. The township tax was re-
duced from twelve to four and a
half cents, the road tax from 22 to
13 cents, the special school tax from
fifty to eighteen cents, the tuition
tax from fifteen to eight cents and
the township poor tax from two to
one cent. A poll tax of fifty cents
for special school purposes and 25
cents for the tuition fund were also
levied.

Orange township's rate for next
year was made 79 cents on a val-
uation of \$4,473,350, and this year's
rate is \$1.59 on a valuation of \$1,-
622,705. The township fund was cut
from nine to four cents, the road
tax from 25 to thirteen cents, the
special school tax from 75 to thirty
cents, the school bond tax from 18
to seven cents, the tuition tax from
thirty to eighteen cents, the town-
ship poor tax from one to a half
cent, the library tax from one to a
half cent and a vocational tax of
six cents was added. A poll tax of
25 cents for the special school fund
and one of fifty cents for the tuition
fund were also levied.

The Rushville school city rate
has been changed from 74 cents,
the amount originally fixed, to 69
cents, the school board having found
that it would be possible to make
the tuition tax thirty cents instead
of 35. This would reduce the prob-
able rate in Rushville city from
\$2.16 to \$2.11.

The tax officials who will go be-
fore the state board tomorrow, will
be required to explain in detail why
more money is needed next year. Af-
ter the evidence is reviewed by the
state commissioners, a decision will
be made.

This Farmer Knew

A few days ago a farmer came to our yard in search of wire fence. We priced him the kind that he inquired about.

"Ho, ho," says he, "I can buy this fence 25c a rod cheaper elsewhere."

We tried to convince him that such a buy would be utterly impossible—far below even the retailer's cost price.

"But no," says he, "I know."

A little later he brought us a sample of the fence he talked about.

These are the facts:

It was a 12 inch instead of a 6 inch mesh.

The wire ran fully 1/2 gauge too low.

When we called his attention to these facts, he bought a large quantity of fence from us.

If you buy your fence from our yard, you will get full gauge wire, and it will be what we say it is.

FARM ITEMS FROM MANY SECTIONS OF INDIANA

Farmers in Monroe county are sowing a much larger acreage of alfalfa this year than ever before and limestone companies are putting in operation a large number of new crushers, at the request of the farmers who are using the stone.

A checking up of reports from 25 fertilizer demonstrations on wheat in Steuben county by the agricultural agent, T. A. Parker, shows that fertilized grain usually ripened earlier, was taller, of better quality and without exception gave a profitable increase in yield.

The Johnson County Poultry Breeder's Association held its 1919 annual sale recently with a consignment of 52 head of pure-bred porkers. The top price was \$1,005 and the average for the sale was \$140 per head. Most of the hogs were sold to farmers in the county who will increase their present herds or are just starting in the game.

The Clark County State Bank of Jeffersonville is doing a great deal of work to help farmers there obtain good seed wheat. The bank is financing a proposition to bring in seed wheat and a carload will be distributed during September to farmers who desire the seed.

DEMANDS \$15,000 DUE TO INJURIES

Nelson Smith Alleges Negligence on Part of Pennsylvania For Providing Faulty Tools

SAYS PICK HANDLE BROKE

L. E. & W., Which Maintains Switch Jointly With Pennsylvania, is Made Party to Suit

Alleging carelessness and negligence, Nelson Smith today filed suit in the circuit court against the Lake Erie railroad, the Pennsylvania railroad and Walker D. Hines, director general of the railroads, demanding \$15,000 damages, for an injury which he received in 1917.

Mr. Smith in his complaint states that the two railroads, managed by Walker D. Hines, own, operate, manage and control a transfer switch at the intersection of the railroads in this city, and that on September 20, 1917, he was in the employ of the Pennsylvania as section foreman, or boss of a section gang.

He states that on this date he was working on the transfer switch, putting in new cross ties, and that in a careful and prudent manner he was pulling ties with a pick which was furnished by the Pennsylvania, when the handle broke, causing the pick to strike him on the lower side of his abdomen, and that a rupture resulted, which has caused him permanent intestinal injuries, and according to the complaint, all without fault or negligence on his part.

He alleges that the railroad companies who jointly owned the transfer switch, were negligent in permitting cross ties to become rotten and decayed, and he alleges the Pennsylvania was at fault in furnishing defective tools and a pick to work with.

Because of the injuries which Mr. Smith received on that date, he asks the court to award him judgment against the two railroads and the director general, in the sum of \$15,000.

PLUMS, CULTIVATED OR WILD, MAY BE DRIED

Many varieties of cultivated plums and various wild plums can be converted into very acceptable dried products. The best for this purpose are varieties of the Prunus domestica species. Gather the fruit when well ripened, but before it has become soft, wash, cut into halves, and dry the fruit in a single layer with the stone cavities up. This is to prevent the juice from escaping when the plums begin to heat in the drier. Start the drying at 130 degrees and gradually increase it as the fruit becomes wrinkled and leathery. If dried in the sun, protect carefully from insects by muslin or mosquito netting. At no time have the drier hotter than 175 degrees F. When the dried fruit can be twisted and pressed without expelling any moisture the drying process is completed.

Place the dried products in a wooden or pasteboard box and cover with a muslin cover to exclude insects. Stir daily for 10 days to two weeks, taking care to mix every addition of plums thoroughly with those already in the box. When the aftercuring is completed return to the drier or even for a few minutes to destroy any eggs of insects which may have been deposited during the drying process.

This method of treatment will produce a rather dark-colored dried product, but it is not advisable in the home to try to prevent this by blanching with steam. The dark color in no way detracts from the flavor or food value of the product. —United States Department of Agriculture.

Tabulation of the results of the Newton County Hereford calf club, finished recently under direction of County Agent S. S. Davis shows that \$31.34 was left for each member as profit on his investment after deducting costs of feed and labor. Besides the monetary gain each boy and girl obtained experience which will be invaluable in later life.

Try One Brunswick Then Decide

The best way to know for yourself the superiority of the Brunswick Tire is to buy one and compare it.

That is, if the very name of Brunswick isn't sufficient proof to you, as it is to most men, that here is an extraordinary tire.

Thousands of men who have known the name of Brunswick for years, realize that a Brunswick Tire has to be the best—for a mediocre product could never bear this historic name.

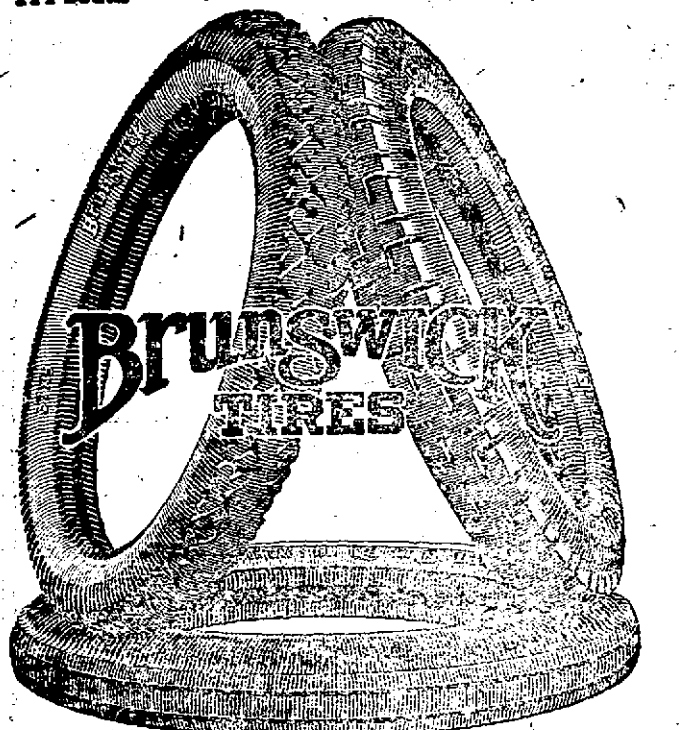

Long before the Overland Trail became famous, the House of Brunswick was established. It was one of the chief users of rubber for fifty years before automobiles came into use.

No concern with such a history could afford to offer anything but the best. For reputations are built slowly, but can be quickly destroyed.

This is a practical guarantee that Brunswick Tires offer more than the usual yet at no added cost.

Get your first one now. You'll not be satisfied until you have ALL Brunswicks.

LAST RAID

Written by

GARDNER SULLIVAN

Directed and Photographed by

IRVIN V. WILLAT

CAST—Many of the players who helped make "The Zeppelin's Last Raid," the greatest dramatic offering of the year, also took part in "Civilization" and other big Ince productions. Chief among them, however, are Howard Hickman in the role of the commander of the Zep, and Enid Markey, who has had important roles in many of Mr. Ince's works. As each artist has a tremendous personal following, emphasis in promotion should be placed upon them.

FORMERLY WEALTHY, NOW LIVING IN STABLE

Condition of Serbian Peasant as Found by Red Cross is Beyond Description

DEPRIVED OF WAGE-EARNERS.

(By United Press.)

Belgrade, (By Mail).—In northern Serbia many families, wealthy before the war, have been found by officers of the American Relief Administration and the American Red Cross living in stables and chicken coups. Their homes had been destroyed by the advancing or retreating armies. Now their beds were heaps of straw covered with burlap. It was all that remained as furniture in their once pretentious estates. Penniless and with no clothing except what they wore, these people returned in pitiable condition. Many of the refugees made their way across Serbia in makeshift garments of burlap bags which had contained American food sent to relieve their hunger.

The condition of the Serbian peasants is beyond description. A large proportion are homeless. Most families have been deprived of their wage-earnings by death. The mother is now obliged to support herself and children on what she can produce on a farm stripped of its machinery and tools.

Personal Points

—O. F. Bussard transacted business today in Indianapolis.

—Mr. and Mrs. George Wingerter spent the day in Indianapolis.

—Forrest Glidewell spent yesterday in Indianapolis on business.

—Mr. and Mrs. Charles Hugo were visitors today in Indianapolis.

—Mrs. Harriet Plough was among the passengers today in Indianapolis.

—Miss Ruth Collins of Chicago is here for a visit with Mrs. Louis Mauzy.

—Miss Phyllis Dean has left for Bloomington, where she will enter Indiana University.

—Miss Laverne Conway has returned from a visit of a few days with friends in Shelbyville.

—Miss Harriet Smith has returned to Bloomington, to resume her studies in Indiana University.

—Mrs. George Dehority and son Charles of Elwood have motored here for a short visit with relatives.

—Mrs. Eddie Barrett of Indianapolis and Mr. and Mrs. Bailey of Denver, Colo., are visiting relatives here for a few days.

—Mrs. John P. Frazee, Jr., and Miss Ruth Innis have returned home after spending a few days at the Theta house in Bloomington, Ind.

—Mrs. W. C. Wolfe has returned to her home in Richmond after a short visit here with Mr. and Mrs. W. V. Brown of West Ninth street.

—Mrs. C. A. Tench and Mrs. Frank Gipson of the local Salvation Army, were in Cincinnati today, going on business pertaining to the Rescue work.

—Miss Catherine Caron will leave tomorrow for St. Martin's, Ohio, to re-enter Ursuline college, after spending the summer vacation with her parents, Mr. and Mrs. Charles J. Caron.

WILL DISCUSS THE TARIFF

Congress Busily Occupied With Legislative Matters This Session

Washington, Sept. 16.—The question of a new tariff policy will not be taken up for serious consideration by the House Committee on Ways and Means until next December, according to the statement of Chairman Fordney today. Mr. Fordney said that Congress was already so busily occupied with legislative matters pertaining to the cost of living, and other reconstruction problems that the subject of the tariff could not be taken up at the present time. It is planned to open extensive hearings shortly after the beginning of the next session.

Safe Milk

From Sanitary Dairies—From Inspected Cows

You know you get a safe milk when you get Van Camp's.

The dairies are sanitary, the cows are inspected.

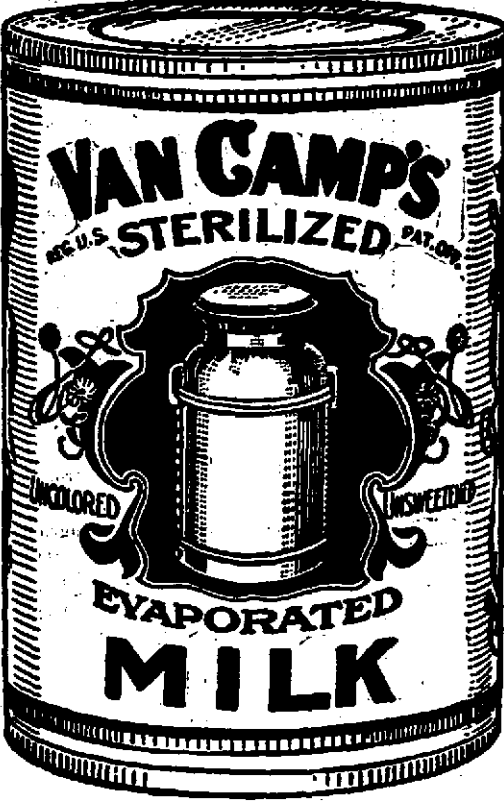

Then after evaporation—after the cans are sealed—the milk is sterilized.

The dangers which lurk in ordinary milk never exist in Van Camp's.

Extra-Rich Milk

In Van Camp's you get milk from healthy, high-bred cows. Every milking is tested for the butter-fat.

Then we reduce it to double richness by taking out more than one-half of the water.

VAN CAMP'S
STERILIZED
EVAPORATED
MILK

"The Cow in the Pantry"

Economical Milk

You get in Van Camp's economical milk.

There is no waste. It comes in small cans and large cans. Open little or much as you wish.

You never run short of milk, never run over. You have milk for every emergency, but none to throw away.

A 20-Year Product

We have spent 20 years to make Van Camp's the finest milk sold in America. The ablest milk experts have helped us. We have bought high-bred cows, built model condenseries and established sanitary dairies.

Now millions of homes get better milk than they ever had before. We urge you to join them.

Van Camp's Milk

Rich, whole milk, reduced to double richness by low-heat evaporation

Sealed at model condenseries in seven great dairying districts by

Van Camp Products Company
Indianapolis, Ind.

ELECTION OF DELEGATES

Indianapolis, Ind., Sept. 17.—Election of delegates to the general conference at St. Louis next year will hold the attention of the Indiana A. M. E. churches which opened here today at the Bethel M. E. church.

There will be a reception tendered the visitors tonight, which will feature the entire meeting so far as elaborate preparations are concerned.

The matter of lining up the A. M. E. churches of the state with the Interchurch world Movement will be taken up.

WILSON WELCOMED TO SAN FRANCISCO

Continued from Page One

because the peace conference had no jurisdiction in the case. Such a conference will be covered in Article 11.

"My position on the subject of self determination for Ireland," said Wilson, "is expressed in Article 11 of the covenant. I myself am particularly interested, because it seemed to me that it was necessary for the peace and freedom of the world that a forum be called to which all people would bring problems that would likely affect the peace and freedom of the world."

The Empty Can

The police in many communities are giving a good report of prohibition. There is a notable decrease in crimes of certain kinds. Disorderly hoodlums grow scarcer; wife-beaters diminish; cases of cruelty to children are fewer.

But the need of caution is not gone. Prohibition is a national confession that we cannot be trusted to control our appetites. We behave better with light handcuffs on, and herein is the wisdom of prohibition. But we have appetites to which alcohol never ministered, and their mastery of us is a commonplace to all who read the daily history of our larger towns.

Peace Not Gained by Force.

The Carnegie Endowment for International Peace is one of the greatest influences for peace in this country, efficiently organized and permanently sustained through the enlightened benefaction of Mr. Carnegie. In 1910 he set aside the sum of \$10,000,000 for its establishment, to be administered by a board of trustees "from century to century without end". As described by the donor, the purposes of the Endowment are "to hasten the abolition of international war, the foulest blot upon our civilization."

"Lines of future action", commented Mr. Carnegie, "can not be wisely laid down. Many may have to be tried, and having full confidence in my trustees I leave to them the widest discretion as to the measures and policy they shall from time to time adopt, only promising that the one end they shall keep unceasingly in view until it is attained, is the speedy abolition of international war between so-called civilized nations."

In the exercise of this unlimited discretion with which the trustees of the Carnegie Endowment are clothed they have adopted the theory that peace can never come by force, but rather must be attained through the education of the people to the folly of war. To that end they have caused to be printed numerous works on war and its evil effects, and have arranged many lectures by prominent men from this country and abroad on the subject. Equally in conformity with that principle the Endowment has studiously refrained from contributing money to associations that advocate the realization of peace through the application of force. The League to Enforce Peace, headed by Mr. Taft, has never received aid from the fund.

Not only has assistance been refused to those who would bring about peace through war, but the most prominent trustees of the En-

Foley's Honey and Tar Compound

CLEAR THE THROAT of phlegm and mucus, stops that tickling, opens the air passages for easier breathing and cleans the inflamed surfaces with a healing, soothing ointment.

Charles Foster Tells What It Did
"I. E. Carey, 120 1/2 St. St., Rushville, Ind., writes: 'I have a little girl 4 years old who has a bad cold and trouble with her throat. I have used Foley's Honey and Tar Compound, and it has done wonders for her. She is now well and happy. My wife and I use it whenever we have a bad cold or cough, and I will say that it is the best remedy for a bad cold or cough. It is better than I ever used.'"

F. S. JOHNSON

Sap and Salt

By BERT MOSES

Politics is just one lie after another.

It is hard for a vegetarian to pass up fried chicken.

Oratory is largely a matter of dull statistics and stale stories.

Some men get rich by having the courage to say "No" at the right time.

About all a growing child hears from the old folks is the word "don't."

Hez Heck says: "The reason there seems to be so many immodest girls is that they are the only kind who advertise."

dowment are among the prominent critics of the league of nations as being essentially an instrument to compel peace. The president, Elihu Root, is unalterably opposed to the league as it now stands, and has proposed several radical amendments to it. Dr. David J. Hill perhaps the most eminent authority on international law and European politics in the country, has expressed himself in a series of articles and addresses in condemnation of the covenant's provisions. Nicholas Murray Butler of Columbia University and Charlemagne Tower are also outspoken critics.

If these great men who help shape the policies of the Carnegie Endowment for International Peace condemn the league of nations as an instrument for the prevention of war what distrust must arise in the minds of the people at large? These experts have given profound study to the best means for bringing permanent peace to the world, and have become convinced that a peace of compulsion can never endure. That any peace that may come from the operation of the league of nations will be of that sort must be admitted by every student of the covenant.

Attorney General Palmer promises reduced cost of living in three months. He promised some convictions of bomb plotters, but we can't recollect any fulfillments of the promise.

The war department must have some inside dope about the league of nations being ratified. The announcement has just been made that "Recruiting for service with the A. E. F., Europe, will be resumed immediately."

The only thing that Mr. Wilson hasn't blamed on the Senate for not ratifying the treaty is the Boston police strike. Possibly he hasn't heard of it, since it's a purely domestic trouble.

USE EXISTING INSTITUTION

Board is Cooperating With at Least 30,000 Public and Private Agencies

Washington, Sept. 17.—One principle to which the Federal Board for Vocational Education has strictly adhered in administering the Vocational Rehabilitation Law is that of utilizing existing institutions. At present 546 state and local educational institutions and 198 factories, shops and offices scattered over the country are being used for training disabled men. In addition the Federal Board has established cooperative arrangements with government departments, the American Red Cross, the National Catholic War Council, the Council of National Defense, the National Manufacturer's Association, the American Federation of Labor, the Elks War Relief Commission, the U. S. Chamber of Commerce, Rotary Clubs, Casualty Insurance Companies. All told the Board is cooperating with at least 30,000 public and private agencies, both national and local. The aid received from them is invaluable to the Board in carrying out the duties imposed by the law.

Dr. and Mrs. F. R. McClannahan have moved from their former residence in West Fifth street, to their property in North Morgan street, formerly owned by R. E. Mansfield.

FARM JOURNAL TO GIVE CORN CONTEST

Contest is Based on Production and Was Planned to Stimulate Higher Corn Yields

18 PRIZES TO BE AWARDED

Satisfactory Terms Have Been Reached to Enroll all Five Acre Contestants in Indiana

Lafayette, Ind., Sept. 17.—An agreement has been made between the Indiana Corn Growers' Association and the Farm Journal of Philadelphia, Pennsylvania, resulting in the automatic enrollment of all Five Acre Corn contestants in the National Corn Growing Contest carried on by the Farm Journal and known as the Farm Journal Contest, according to an announcement of Prof. G. I. Christie, Secretary of the Indiana Corn Growers' Association.

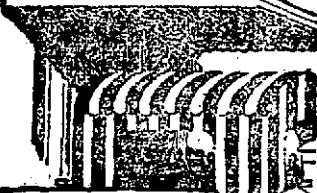

The Farm Journal Contest is based on production alone and was planned during the war in order to stimulate more interest in higher corn yields. The rules used in the Five Acre contest in Indiana will apply to the Farm Journal Contest except in one detail of determining the moisture content which will be explained at the time the plot is judged by the representative of the Indiana Corn Growers' Association. In addition to the prizes offered by the state association, contestants in Indiana are eligible to compete for the cash and premium prizes which will be offered in the national contest to the person producing the greatest number of bushels of corn on five acres.

Satisfactory terms have been reached whereby all contestants in the Indiana Contest will become enrolled in the national contest conducted by the Farm Journal. A letter has been sent to the Farm Journal asking them to send each individual contestant a booklet giving more information relative to the details of the national contest.

Eighteen prizes will be given by the Farm Journal for the best yield of corn harvested this year. The first prize is to be a national gold medal and \$1,000; the second will be a national silver medal and \$500 while the third is to be a national bronze medal and \$250.

A blue ribbon is to be given for the best yield, a red ribbon for the second best yield and 10 engraved certificates for framing for the ten leading contestants in each county of the Union; provided a meritorious yield is produced. These certificates are to be signed by the judges of the contest and awarded by the county agent or farm bureau to participants in the national contest.

Our Daily Laugh

New and Bright Yarns That Will Tickle You and Will be Relished by Your Friends When You Repeat Them.

For a year or so Master Robert asked his mother why he had no baby brother or sister. His mother finally said, "You should pray for a baby brother or sister." When feeling particularly lonely Master Robert prayed; in fact often. One day a strange lady in a white costume, with a neat cap, came to the house and the next morning she took Master Robert and his father to the mother's bedside. Reclining in two small parcels were a baby sister and a baby brother.

"Look, Bobby," said the proud father. "A baby brother and a baby sister. That's what you wanted!"

"Gee! Two of them?" queried Robert. "Gosh! It is good I stopped praying when I did."

CASH PRIZE OFFER: A prize of \$1.00 will be awarded each contributor of a joke to OUR DAILY LAUGH which we accept. Only new jokes, those never before published, are considered. Contributions will not be returned unless stamped envelope, bearing your address, is enclosed. Mail stories to contest editor, Daily Republican.

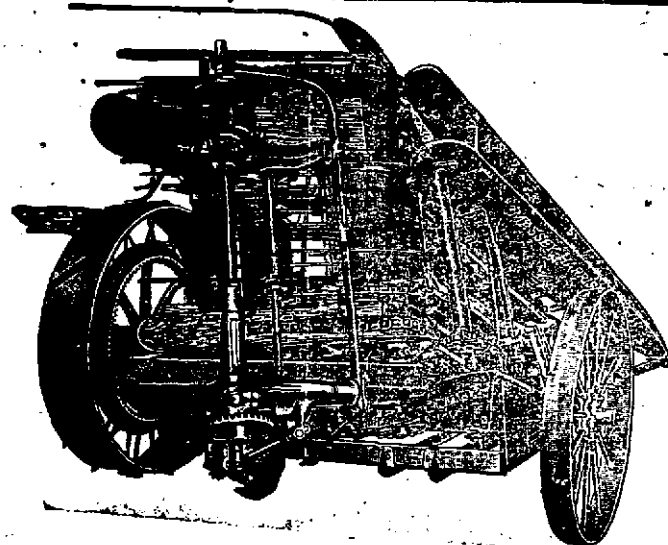

What Our Neighbors Are Talking About

How Long Will it Last?

(Philadelphia Press)
Since the fall of Huerta there have been twenty-six known raids across our Southern border. Absolute anarchy down there is prevented only by the presence of a considerable American army, which is costing the American people something like one hundred million dollars a year. We are put to the expense of maintaining an armed force in the field to protect our own people; residing in our own country, against the criminal acts of citizens of another country, the present Government of which we have set up and for which we are in a large measure responsible to the world. How long will the Administration permit this situation to continue? What excuse can it make to the American people for such an alleged policy?

CONSTITUTION DAY

Indianapolis, Ind., Sept. 17.—Indiana was observing "Constitution Day" today in accordance with a proclamation issued by Governor Goodrich.

The Massey-Harris Stands That Test as No Other Corn Binder Can

And the reason that it does is very clear. It has all of the desirable features found in the usual Corn Binder construction and in addition, has several exclusive ones that contribute much to its efficiency, outstanding among which is a wider range of adjustment for accommodating all heights and kinds of corn—an adjustment which can be operated with speed and accuracy. Whether the crop be the supple kafir corn of the Southwest, the large, firm varieties of the Corn Belt, or the short growths mixed with grassy bottoms, this machine will harvest it in a way that will always please. Just keep that fact in mind and in connection with it consider the following which will show you conclusively why the Massey-Harris Corn Binder is the machine best suited to supply your needs.

IT IS BACKED BY NEARLY 70 YEARS EXPERIENCE IN IMPLEMENT BUILDING AND IS THE CULMINATION OF 16 YEARS OF STUDY AND DEVELOPMENT.

FURNACE HOT BLAST

Burns Slack, Soft Coal, Hard Coal, Wood and Coke. No soot, fumes or dirt. Operates on less coal than any other 18-inch heater on the market. Hot blast linings never burn out, so constructed that ashes and fire cannot possibly work in behind them. Cast construction in center of stove is hollow gray casting, holding heat close to the floor, also saving fuel and protecting body iron from turning red and ugly. Bowl on this heater is extremely heavy and deeply corrugated, giving an extra amount of radiating surface. This is the hot blast that is operated same as a base burner—set your dampers at place suited and go about your work or shopping without being worried about your stove getting red hot and burning the house down. Perfect control is assured by having airtight joints and doors. Remember this is the stove which

has the Genuine Anti Buckling ring. Stove is mounted with entirely full pure white nickle. If you've never seen this 1920 model hot blast stop and let us explain this construction.

Last Time Tonight at Princess.

"The Hoodlum" which has been playing this week at the Princess theatre, will be shown for the last time tonight. The picture has attracted big crowds all week, and shows Mary Pickford, the famous movie star, at her best. She plays the part of Amy Burke, granddaughter of a wealthy man, but she decides to run away and throw herself in with the poor people of New York City. Many funny incidents bring laughter, and the love story which is interwoven is nicely brought to a fitting climax.

Donald Crisp, who has guided the destinies of Bryant Washburn, Paramount star, through many delightful comedy-dramas, again handled the megaphone during the production of "Love Insurance". Mr. Washburn's latest starring vehicle, which is coming to the Princess theatre tomorrow. Mr. Crisp is a wizard in his particular branch of the profession, and his productions starring Bryant Washburn are in a class by themselves. C. Edgar Schoenbaum, a past master in the art of beautiful and colorful reproductions, did the photography.

Thrilling Picture at Mystic

So many accidents occurred while producing "The Zeppelin's Last Raid" the new Thomas H. Ince super-spectacle to be shown at the Mystic theatre today that a base hospital had to be established near the Triangle plant at Santa Monica, Cal., to care for the wounded participants in the strikingly realistic battle scenes of the picture.

Two of the famous street sets that formed a background for several Triangle productions were completely demolished to give a few extra thrills to "The Zeppelin's Last Raid" and in the work of destruction more than fifty supers sustained minor injuries and had to be removed to the temporary hospital to be patched up. Several times Irving Willat, who assisted Mr. Ince in producing the picture, was imperiled by falling embers, and once had a blazing beam fall within two feet of him.

Even the troupe of hardened cowboys attached to the plant withdrew to a safe distance, many of them expressing fear that Ince and Willat would blow up the entire lot before the picture was completed. However, the great production was the better for the risks the men took. Seldom have such strikingly realistic scenes been converted to the screen as are shown in the first two reels of "The Zeppelin's Raid," which will have its first presentation at the Mystic theatre.

Mary Ann, small daughter of Dr. and Mrs. Leo, who has been critically ill, is slightly improved.

Household Goods and Other Things Too Numerous to Mention.

TERMS MADE KNOWN ON DAY OF SALE

Lunch by ladies of Mays U. P. Church.

WM. H. & WILBER MAY

EVERETT BUTT Auctioneer. BERT BENNETT

The members of the Thursday Afternoon Bridge club will be entertained tomorrow afternoon by Mrs. Carl Gunning at her home in West Tenth street.

Mr. and Mrs. Ray Lakin are entertaining Mr. and Mrs. Carl Kehn of Indianapolis, Mr. and Mrs. M. W. Bailey of Oklahoma City, today at their home in North Morgan street.

The annual Lower reunion will be held Sunday, Sept. 28, at the home of Mr. and Mrs. Thomas Lower southwest of the city. All members of the family are cordially invited to attend.

Miss Cora Winship was hostess for the S. E. T. club yesterday afternoon at her home in East Fifth street. The hours were spent over needlework and during a social hour refreshments were served.

The Lurline Council, No. 296, will hold their regular meeting at the Red Men's hall Thursday evening at 7:30 o'clock. After the meeting a pitch-in supper will be served and all members are invited to attend.

Mr. and Mrs. H. Louis Mauzy and Posey Denning of this city, and Miss Ruth Collins of Chicago, who is the guest of Mr. and Mrs. Mauzy will motor to Anderson tonight to

attend a dinner dance at the country club.

Mrs. John Beale, Mrs. Helen Pier-son, Mrs. Ned Abercrombie, and Mrs. Harry Kramer, formed a motoring party today and motored to Indianapolis. This afternoon they expect to see "Scandal" at the Murat.

Hugh Lee Collier, little son of Mr. and Mrs. Orville Collier, who was recently run down by an automobile and sustained a broken arm, is improving. He was taken to the St. Vincent's hospital in Indianapolis, for treatment.

The Ladies Missionary Society of the First Presbyterian church was entertained at the home of Mrs. J. T. Arbuckle in East Seventh street yesterday afternoon. A short program was enjoyed by the fifteen members who were present.

The Willing Workers of the Methodist church will meet tomorrow afternoon at two o'clock, with Mrs. Sam Young at her home in North Perkins street. All members are requested to be present as election of officers will take place at this time.

Mr. and Mrs. Lee Carithers and little son, William, Miss Anna Carithers and Miss Fern Hoop of Shelbyville, and Miss Mary Cornelius of Winchester, spent Sunday as the guests of Mr. and Mrs. Oscar Williams and Mr. and Mrs. Albert Updike, west of the city.

The Misses Dorothy Mulno, Mary

Louise Bliss, Dorothy Sparks and Kathryn Wyatt have been pledged to the Kappa Alpha Theta sorority at Indiana university, according to word received here yesterday afternoon. They went to Bloomington Sunday to enter the university as freshmen.

Eighteen members were present for the meeting of the Loyal Women of the Main Street Christian church last evening, which was held at the home of Mrs. Belle Trobaugh in West Seventh street. After the regular business meetings and social hour, refreshments of watermelon were served.

Mr. and Mrs. Wayne Wellman of New Salem, entertained the following guests at dinner Sunday: The Rev. Mr. and Mrs. Ross of New Salem, Mr. and Mrs. Sylvester McKibben, the Rev. and Mrs. J. R. Stanton of near Fowlerston, Ind., Mr. and Mrs. Earl Vogel, Mr. and Mrs. E. W. McKibben, Mr. and Mrs. Herbert Holden and Mrs. Perry Wellman.

At the meeting of the ladies of the Social club last evening in the Social club rooms, the following captains were elected: 1st division, Mrs. Carl Beher, assisted by Mrs. Frank Capp; 2nd division, Mrs. John Kiplinger, assisted by Mrs. Lowell M. Green; 3rd division, Mrs. Len Stewart, assisted by Mrs. Chase Mauzy. The next supper will be served Thursday evening, Sept. 25 and from that date on the suppers will be served every three weeks on Wednesday evening. The supper to be given Thursday evening, Sept. 25, will be in charge of the third division.

One of the most interesting meetings of the Sexton C. W. B. M. was held Tuesday at the home of Mrs. Emily Kiser. At noon a bountiful pitch-in dinner was served and in the afternoon the ladies went to the church where a well arranged program was carried out, honoring the 45th anniversary of the C. W. B. M. Mrs. J. D. Case and Mrs. Robert Kennedy of this city were present and gave talks before the society. Mrs. Fred Oldham read the story of Mary Magdalene; Mrs. Jennie Steele read a paper on the beginning of the Christian Woman's Board of Missions; Mrs. Marion Pratt and Mrs. Earl Grubbs gave the scripture reading. A quartette composed of Mrs. Vester Casey, Mrs. Maud Oldham, Mrs. William Barlow and Mrs. Ode Winkler furnished the music. Mrs. Jess Winkler conducted the hidden answers and also gave out

Autumn Boots

J. & K. Shoes

We announce the largest and most attractive showing of

J. & K. Boots

for young women

The glory of first choice goes to those women who call early

in the history of our store. There's a style for every woman in the city, a veritable treasure, more attractive and better fitting even than J. & K. models of the past.

Shown in kid and calf with some particularly striking styles in high French heels, which are very chic this Autumn.

The Mauzy Company

File the Arch

Fall Shoes

How much is a shoe worth that does not fit?

Come to our store, select the style of shoe that you like, and it will be fitted to your foot by one of our men who is specially trained in shoe fitting.

If you already have foot troubles our Foot Expert will prove to you that you can wear stylish shoes in perfect comfort by removing the cause of your foot ills with a pair of

RUSHVILLE INDIANA

We are opening many

New Fashion Boxes

The busiest hour of Fashion is here, yet anything we say can only hint at the wonderful models that have been created for the Fall Season.

Coat and Suit Fashions Have Been Established.

The prettiest of all Dame Fashion has accepted is mirrored in the many styles we have here now.

Our Collection of Women's Fall Clothes is Without Duplicate in the City in style, fabric, variety, tailoring, individuality and reasonableness of price. The variety is now at its height and the service is now at its best. There is nothing to be gained by waiting and everything to be gained by the right action at the right time.

the questions for the October meeting. Mrs. Vester Casey recited the anniversary poem which was well rendered. After the program the ladies went back to the home of Mrs. Kiser where refreshments of ice cream and cake were served. The guests were Mrs. J. D. Case and Mrs. Robert Kennedy. Mrs. Jess Winkler, Miss Dora Winkler, Mrs. Fred Oldham and daughter, Mrs. William Barlow and daughter, all from this city, Mrs. Carrie Bell of Toledo, Ohio; Mrs. Marion Pratt, Mrs. Vester Casey, Mrs. William White, Mrs. George Kendall, Mrs. Orville Porter and children, Mrs. Carol Clifton and daughter, Mrs. Ode Winkler, Mrs. Earl Grubbs, Mrs. Howard Steele, Mrs. John Weisse, Mrs. Omer Thompson, Mrs. Virgil Longfellow, Mrs. J. T. Newkirk, Mrs. John Whitton and Mrs. Baty Newhouse. The October meeting will be at the home of Mrs. Howard Steele.

A. E. F. ENTERTAINER BACK

Charles Lineback Arrives at His Home in Carthage.

Charles Lineback, who headed a company of Y. M. C. A. entertainers in France, arrived at his home in Carthage last night and is visiting his mother, Mrs. Frances Lineback. Mr. Lineback, who is an impersonator, and his company gave five hundred entertainments in the A. E. F. camps in France. He maintained headquarters in Paris during his stay of several months in France. Mr. Lineback was formerly a newspaper man and has also superintended a number of chautauquas.

ARMY FOOD AT GREENSBURG

First Shipment of Amount Ordered There Arrives Tuesday

Orders of surplus army food continue to arrive at postoffices in this part of the state, but none has ever reached Rushville. The Greensburg office yesterday received \$140 of canned goods, which will fill a part of the orders sent in by Decatur county people.

Some persons here who ordered the army food a month ago, are threatening to go and board with Postmaster G. P. Hunt if he doesn't get the food here soon. They fear that bacon will be selling cheaper here, than the price they paid for the government product, before it arrives.

PROFITEERING IS NOT A MODERN EVIL

Queen Elizabeth Had to Deal With it and Adopted Drastic Measures Against It

ISSUED PROCLAMATION THEN

The Issue is Interesting if Only For Strong Language Used by Sovereign

(By United Press.)

London (By Mail).—Profiteering and the H. C. L. is not a modern evil. Queen Elizabeth had to deal with it, and she adopted drastic measures against sixteenth century profiteers or "bodgers" as they were popularly called then. An Elizabethan proclamation to lords-tenant of counties and local authorities, dated 1597, is interesting, if only for the strong language used by that autocratic sovereign, as compared with present-day legal phraseology. "Elizabeth, By the Grace of God," etc., says to "bodgers:"

"Wee understand that upon the late dearth of all kynnde of grain, and of butter and cheese and other victuals in this Realm, although Almighty God hath mercifully withdrawn His heave hand wherewith we deserved our late punishment, and hath now yielded us a change to the great comfort of all sorts of people"—(they evidently had wars, too) "Yet there are seen and found a number of wicked people in condition more like to wolves or cormorants than to natural men, that do most covetously seek to hold up the late great prices in corn and all other victuals by increasing the

Notice of Administratrix's Public Sale of Personal Property.

Notice is hereby given that the undersigned, as Administratrix of the estate of Willard C. Wilkinson, deceased, will offer for sale, at public auction, at the residence of said decedent, five miles north and one mile west of city of Rushville, on Knightstown pike, about three miles east of Henderson, and about four miles southwest of Sexton, in Jackson township, in said county and state on

FRIDAY, OCTOBER 20, 1946, the personal property of said estate, consisting of

1 gray horse, 4 years old; 1 roan horse 1 year old; 1 bay mare about 12 years old; 1 gray filly, 3 years old; 1 gray smooth mouth mare; 1 bay smooth mouth mare.

1 black milk cow 3 years old; 1 red milk cow, 3 years old; 1 roan heifer; 1 roan calf; 1 black and white calf; 1 brindled calf; 1 white calf; 1 roan calf.

8 brood sows with pigs by their sides; registered Big Type male hog; 21 feeders, weighing about 155 pounds each.

38 acres growing corn in field; 12 tons timothy hay; two tons oats hay; farm wagon with two beds; 1 farm wagon with flat bed and hog rack; 1 auto trailer, 1 manure spreader, 1 disc harrow, 1 wheat blower, 1 spring wagon, 1 buggy, 1 corn turner, 1 wheat drill, 1 Oliver riding breaking plow, 1 walking breaking plow, 2 corn planters, 1 new Janesville, only been used one season, 1 self rake, 1 mower, 1 roller, 1 riding cultivator, 1 gravel bed, 1 seed sower, 1 end gate seeder, 6 sets work harness, lot of bridles, lines, collars, and 4 sets fly nets, 1 set buggy harness, and numerous other farm implements and tools not mentioned herein.

Terms—All sums of five dollars and under, cash in hand; over five dollars, a credit of not to exceed nine months will be given, the purchaser executing his note therefor, bearing six per cent interest after maturity, waiting relief, providing attorneys' fees and with surplus thereon to the approval of the administratrix.

ETHEL WILKINSON, Administratrix, Leisure & Button, Auctioneers, Rushville, Ind. Geo. Webb, Clerk, Morgan & Ketchum, attys. for estate. Sept. 10-17-24

Direct Marketing

The large packer represents the most direct route possible from farmer to retailer.

Large volume of business makes this possible. The public should be glad that there are large packers for this reason if for no other.

We buy live stock in the stockyards in the West.

We put them through packing houses.

We ship in clean refrigerator cars.

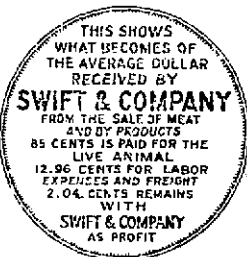

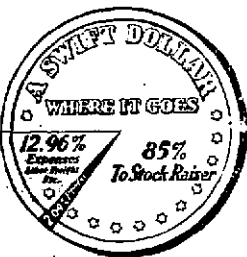

We sell through 400 branch houses located in all large consuming centers.

All done at a minimum of expense and a fraction of a cent per pound profit from all sources.

And it's only because we are big that we can give this service.

Let us send you a Swift "Dollar." It will interest you. Address Swift & Company, Union Stock Yards, Chicago, Ill.

FAKE LINEMAN ALSO BUSY AT GREENSBURG

Man Who Posed as Employee of Central Union Telephone Co. Passes Two Bogus Checks

DESCRIPTION OF HIM GIVEN

Greensburg, Ind., Sept. 17.—William Pence or Walter Baker, alleged Central Union Telephone Company lineman, who passed fraudulent checks at the Charles L. Bray hardware store and the Carter & Co. clothing store, the latter part of last week, left Greensburg on a traction car at 7:30 Friday night, in the opinion of Sheriff Beeson, working on the case.

Information has reached the sheriff showing that the man whose real name is believed neither Pence or Baker, boarded the 7:30 traction car and paid the conductor a cash fare to Indianapolis. He left the car soon after it had entered the Indianapolis city limits.

According to the conductor, the man wore a soft brown hat, was in his shirt sleeves and carried a bundle, presumably the articles of clothing he purchased at the local clothing store. He is described as about 40 years old, weighing between 150 and 160 pounds and of florid complexion.

The Indianapolis police department has been notified of his arrival in that city and a notice of his check operations have also been forwarded to the detective departments of several Indiana, Ohio, Illinois and Kentucky cities.

It was learned today that the man passed a forged check on a Rushville merchant the day previous to coming to Greensburg.

LOCAL OFFICIALS APPEAR TOMORROW

Continued from Page One
he given as to whether or not the proposed rate shall stand.

There is much confusion among taxing officials as to what attitude the state board will take when petitions for increased revenue are heard. One section of the law provides that the revenue to be raised in 1920 shall not exceed that of the year unless a petition is filed with the board. The board has ruled that the increased revenue is absolutely necessary for the proper and efficient conduct of the business of such unit. Another section of the law provides that the total tax of any unit cannot exceed \$1.50 per hundred dollars without special permission of the board. Whether or not a levy exceeding \$1.50 can be made if the revenue does not exceed the amount raised this year is uncertain and is one of the questions to be cleared up at the hearing.

PLOT FORMED IN VENICE

London, Sept. 17.—The plot which resulted in Gabrielle d'Annunzio's seizure of Fiume was organized in Venice, according to advices received here. The Prefect of Venice has been dismissed. Fiume is isolated today and little news of the recent developments there has reached the outside world.

—Harry E. Smith of Anderson, Ind., spent the day in this city visiting relatives.

TOURNAMENT FOR BILLIARD CHAMPS

Big Prizes Will be Offered for National Champions of the Green Tables, This Fall

ENTRANCE FEE COST \$250.00

New York, Sept. 17.—Tournaments to determine the national billiard and pocket billiard champions of America will take place this fall. The tournament for the 18.2 ball-line billiard championship will open here Oct. 20 at the Astor Hotel. The entries will be limited to a field of six players with an entrance fee of \$250. The games will be 400 point affairs. The first prize will be \$2,500, second \$1,750, third \$1,250, and fourth \$750. In addition the winner will draw an annual salary of \$4,000 as long as he holds the title.

The three-cushion championship tournament will be held at the Moose auditorium, Cleveland, starting November 5th. It will be contested by ten players for prize money aggregating \$4,500. To the winner goes \$1,500 and an annual salary of \$2,000, second prize is \$1,250, third \$1,000 and fourth \$750.

The pocket billiard series will be held at the Parkway auditorium, Philadelphia, starting Nov. 1. Prize money runs the same as the other series with an annual salary of \$2,400 to the winner.

The three champions decided in the tournament will then stage an eighteen weeks tourney for which they will receive \$100 per week and up.

GRAND JURY STARTS LATE

Witnesses Before Investigators Today Mostly Carthage People

The grand jury, which is in session for three days, and will conclude its work tomorrow, was exceedingly busy yesterday and examined many witnesses. This morning not so many people were summoned, and a late start resulted, owing to the break-down of an automobile, bringing in some witnesses from Carthage. Those before the grand jury today were mostly Carthage people, and among them were three or four colored persons. Joel G. Carson was appointed yesterday by Judge Sparks to act as foreman of the jury.

Select Conservative Investments

In these exceptional times even the most conservative investments yield unusually liberal returns.

All the more reason, therefore, why you should be careful to avoid the pitfalls of unsound or untried enterprises.
